### THEY'RE AMERICA'S HEALTHIEST!

Introducing America's healthiest boy and girl—Coe F. Emmens Jr. and Inez Harden. Coe is 17 and comes from Prattville, Mich., and Inez, who is 17, calls Marigold, Miss., home. Both were born and bred on farms. Each scored 99.4 per cent at the healthiest children's show at the International Livestock Exposition in Chicago. And they had a date together the very next day!

### OPPOSING CLUES IN MURDER

Police Seek Coatless Man in  
Edwards Slaying

BIRMINGHAM, Ala. — (By Associated Press) — Opposing clues formed the basis today of official effort to solve the mystery of the murder of Mrs. Annie Lou Edwards, wife of Dr. George T. Edwards, prominent physician who is held in connection with her death. Mrs. Edwards was found murdered early Tuesday with her skull crushed.

SUBSTANTIATES CLAIM  
One of the clues if successfully developed, officers said, would go far toward substantiating the doctor's claim that his wife was drugged with his powerful anaesthetic and then slain by an intruder and that he then was awakened and shot in the hand while trying to wrest the man's pistol from him.

The officers were told a man without a coat was seen leaving Fairfield, the fashionable suburb where Edwards lived, a few minutes after Dr. Edwards reported the murder of his wife. The fleeing man appeared to be bleeding in the shoulder. Dr. Edwards claimed he fired three shots at the intruder in his home.

On the other hand, deputy sheriffs last night announced finger prints of Dr. Edwards tallied with those found on bottles of anaesthetic in the Edwards home after the murder.

TAKEN IN JAIL  
Dr. Edwards was transferred yesterday to the Jefferson county branch jail at Bessemer after a sudden abandonment of plans to attend the funeral of his wife in Montgomery.

The coroner yesterday returned a verdict that Mrs. Edwards met her death thru "unlawful homicide" but did not reveal any evidence on which he swore out a warrant against the physician.

RUMOR SAYS MARY  
MILES MINTER TO WED

NORFOLK, Va. — (By United Press) — Mary Miles Minter arrived today to meet Lieut. Com. H. H. Ridder, of the U. S. S. Jason, which came down from Boston for a week's stay at this port with the young officer aboard, and rumor has it that the beautiful star and Ridder are to be married.  
Mary was at the naval bap-  
tism when the ship docked and  
she was taken aboard by Ridder  
for tea.  
Lieut. Ridder denied his en-  
gagement to Miss Minter and told  
reporters he met the movie star  
while on the west coast several  
years ago. They corresponded  
and their friendship grew, so  
Mary journeyed on to Norfolk to  
visit the officer when he arrived.

### BROKEN SWINDLER STARTS SENTENCE

CHICAGO — Broken in health, crushed in spirit and with less than \$5 of his \$2,000,000 left, Leo Koretz, fake oil stock swindler, today prepared to start serving his prison sentence of from one to 10 years. Sentence was imposed late yesterday by Chief Justice Hopkins.

Sentence was one to 10 years on each of three indictments of larceny in connection with his swindling operations, the terms to run concurrently. Physicians indicated that Koretz would not live more than six months, as he is suffering from an advanced case of diabetes, along with other ailments.

### ARCH MURDERER WANTS DEATH

Demands End Before Coming  
of Christmas

HANOVER, Germany — (By Associated Press) — "I want to be dead before Christmas" is the insistent demand of Fritz Haarmann, the Hanover butcher whose trial for the murder of 27 young men since 1918, opened here yesterday.

ACTS INSANE  
Haarmann, who at the time of his arrest gloated over the murders he had committed, now acts like a man violently insane, jumping about, excitedly tearing his hair, and suddenly breaking off in the middle of sentences, apparently losing continuity of thought. He stubbornly declines suggestions from the court that he retire for a while and try to calm himself, however, insisting upon having the trial hurried along. Haarmann confesses to the murder of 14 of those he is accused of slaying, but agrees with suggestions that his victims may have exceeded this number.

He admits cutting up the bodies and disposing of them, a task which he says usually took him two days, but denies selling the flesh for animal meat.

CURSE FATHER  
References to his late father invariably provoked outbursts of curses from the prisoner. "My last word before being beheaded will be a curse upon my father," he cried on one occasion.

Haarmann's alleged helper, Haat Gran, denies all the charges of complicity in the crime. One hundred and ninety witnesses will be summoned in the course of the trial, it is forecast.

REWARD WORLD FLIERS  
WASHINGTON — The army world fliers would be promoted and each given \$10,000 reward and a congressional medal of honor under legislation introduced today by Representative Rathbone, Republican, Illinois.

Lieutenants Wade, Nelson and Smith would become majors and Civilian Mechanic Harding and Sergeant Ogden first lieutenants.

### POLICEMAN IS NAMED BY DRIVER

Two Are Fined for Speeding  
Thru Streets

TAXI MAN DENIES GUILT

City Car Had no Lights,  
Buchanan Asserts

Waging of police war against traffic law violators resulted in the appearance of three men in court, two being fined for speeding, and the swearing out of an affidavit against a police officer for parking his automobile without lighting the tail light.

Those who appeared were L. E. Rummel, 38, taxi driver, 510 N. Union-st, for driving while intoxicated; Stuart Buchanan, son of Dr. R. A. Buchanan, corner Market and Col-sts, for speeding, and J. C. Paxson, of 1122 S. Union-st, for fast and reckless driving and over-running "stop" signs.

Rummel entered a plea of not guilty and was jailed in default of bond pending a hearing; Buchanan pleaded guilty and was fined \$10 and costs, and Paxson admitted speeding over slippery streets and over-running "stop" signs and was assessed a fine of \$20 and costs.

Five minutes after court adjourned Buchanan filed an affidavit for the arrest of Police Officer Virgil Cook for parking without lighting his tail light.

NO LIGHTS  
Buchanan alleges that Cook parked his automobile near the doctor's home Thursday night a few minutes before making the arrest, and neglected to turn on his lights.

Cook, when questioned Friday, admitted that his lights were out. "I was in a hurry to stop the youth before he got into the house and forgot to light them," he said.

Rummel's arrest by Officer Watkins followed what police claim was a wild ride thru several city blocks and over a number of "stop" signs, the culmination of which was the man's arrest near his home on N. Union-st.

He was taken to the station, police claim, in a drunken condition, and a charge of driving while intoxicated was placed against him. In court Friday Rummel admitted having taken a few drinks but denied that he was intoxicated.

Paxson was nabbed at midnight Thursday by several police officers who were returning from an unsuccessful hunt for a number of men in a touring car who had been reported for stopping pedestrians in the vicinity of the Nickel Plate railroad station, and assaulting them.

After an unsuccessful search of nearly an hour they were on their way back to headquarters when they caught sight of Paxson flashing by "stop" signs and across the central part of the city at a high rate of speed.

The police car gave pursuit and Paxson was arrested and jailed. He was released Friday at noon and his car was turned over to him.

### WIFE NAMED IN DIVORCE SUIT

Story of Mate's Actions Told  
by Dwight Haney

Dwight Haney, railroad keeper kept his eye on his better half when he was at home, he avers in a divorce petition filed in common pleas court Friday, naming Mrs. Mildred Haney, 327 S. Scott-st, defendant.

But when he was out of town, he claims he has reason to believe that the defendant stepped out with other men, and even accompanied them on little trips, which ended in various hotels in and around Lima. He says he does not know the names of the men.

In June 1923, Haney charges, that while he was out on his run the defendant, representing herself as a single woman, went to Lakeview, where she engaged in doubtful conduct with men. The couple were married in 1922, according to the petition.

### BABY WITH PARENTS ON FLIGHT

Two-year-old Virginia Arnold (seen here in her mother's arms) is believed to be with her parents in their flight to escape arrest for murder. The parents, W. M. and Mildred Arnold, who wanted Kansas City, Mo., for the slaying of Lawrence I. Hatfield, a Pinkerton detective. But police do not think the couple, on account of the baby, can evade capture very long.

### BUILDING CODE APPROVED

Need is Stressed by City Man-  
ager Bingham

Enactment by city commission of a building code to be operative with the zoning ordinance enforced here is sponsored by City Manager C. A. Bingham along with the appointment of a temporary building inspector to supervise all construction in Lima until the building measure is given legislative approval.

The building code in regulation of method of construction under state laws to prevent fire hazards would work in conjunction with the zoning ordinance limiting the construction of buildings to certain districts and preservation of property valuations.

A building inspector required under regulations of the state department of industrial relations could serve in both capacities with the remuneration of the office being derived from nominal fees collected for inspections.

SURVEY NEEDED  
Necessity for a complete survey of the city for proper enforcement of the zoning law and a report of the advantageous results obtained by building codes in other cities comprised the high spots in a speech Thursday night by Robert Wilton, zoning expert of Cleveland, who addressed city planning commission at the city hall.

Wilton, who directed the zoning problems in Cleveland and Columbus, may be hired to directly make the survey in event the city can secure \$2,500 needed for that purpose. While the survey is considered necessary by Manager Bingham and members of the planning commission, little possibility exists that it will be completed in the near future as the financial outlook is dark without any tangible solutions offered to relieve the situation.

While the survey would not come under provisions of the building code it would be operative with such legislation in that certain districts would be defined and the building inspector in his supervision of construction would have his duties lessened by knowing the exact locations of each separate kind of building.

A building code in contrast to a zoning ordinance can be enacted without expense to the city as the return from the inspector's office would be sufficient to pay all expenses and might eventually provide a source of revenue for the city.

MURDERER HANGED  
LINDSAY, Ont. — Frederick William McGaughey was hanged at 4 o'clock this morning for the murder of his sweetheart, Miss Beatrice Fay, last May while the couple were discussing their marriage during a motor ride. Miss Fay was shot to death.

### TRAFFIC PARALYZED BY SNOW AND SLEET STORM

#### LEAVE IT TO DOC

BERLIN — Radio "rash" is Europe's newest affliction. It is an eruption of the tender skin of the ear of wireless devotees resulting from the constant pressure of the hard rubber headpieces. Dr. Marcus of Vienna, writing on the subject for the clinical review, says the rash, while very annoying, is not serious when attended to promptly. Use of soft rubber "ear muffs" which fit over the hard ear pieces, is suggested as a precautionary measure.

#### INTENDED BRIDE MAY SHARE

Millionaire Dies Before he Can  
Be Married

HOLDS UNUSED LICENSE

Wealthy Youth Declares Inten-  
tion Before Death

CHICAGO — (By United Press) — An unusual marriage license may bring Miss Isabelle Pope, Northwestern university co-ed, part of the \$5,000,000 estate of William Nelson McClintock, "millionaire orphan," who died here last night.

McClintock died in a hospital while the girl and a clergyman waited just outside the door, ready to go thru with the marriage ceremony if the patient showed sufficient strength.

YOUTH'S WEALTH  
The McClintock millions belonged to William. His father a capitalist, was killed in an automobile accident when William was five years old. The youth's mother died two years later.

William and Miss Pope were childhood sweethearts. William's foster parents, Mr. and Mrs. William Shepperd, said the marriage was scheduled for next February. While attending the Yale-Harvard football game, William contracted a cold, which turned into pneumonia. He entered the hospital here and his condition became worse. Feeling that the end was near, William, it was said, expressed a desire to have the marriage ceremony performed immediately and Miss Pope secured the license. But William dropped in to a comma and death came as his sweetheart waited at the door.

The youth came into the fortune a few months ago, on his 21st birthday.

AMERICAN VICE  
CONSUL SHOT

U. S. Representative at Bel-  
grade Fired on by Woman

BELGRADE, Yugo Slavia — (By Associated Press) — Henry Dayton, the American vice consul here, was shot and seriously wounded yesterday at his home by a young woman who afterwards committed suicide by opening the veins in her forearms.

The shooting occurred during an interview between Vice Consul Dayton and the woman, Anca Ousoupaits. During the interview, according to reports, the vice consul is said to have told the young woman that their friendship must cease whereupon she fired three revolver shots which entered the vice consul's neck, and then committed suicide. Dayton's condition is said to be very serious. The affair has caused a sensation in the diplomatic body and throughout the city.

### Mrs. Chaplin Back At Books

LOS ANGELES, Calif. — Charles Chaplin's 16 year old bride has not all requirements of the California compulsory schooling law, it was announced today by Raymond Dunlop, director of the compulsory education department here which has been investigating the case.

The state allows part time studies for minors under 16. Dunlop explained and a report has just been filed by Miss Margaret Peterson, tutor of the young bride, showing that she followed a 20 hour a week schedule of studies up to Nov. 17 last.

RICH JEWELRY HAUL  
CHICAGO — Three bandits held up the South Side branch store of Olson and Ebhardt Co., leading downtown jewelers, and escaped with \$50,000 in set diamonds shortly after the store opened for business today.

#### Iowa and Nebraska Bear Brunt of Assault

AREA MOVES EASTWARD

Property Damage In Some  
Sections Reported Heavy

CHICAGO — (By Associated Press) — The first general snow and sleet storm of the winter was moving north and east today from the mountains and plains states but with energy lessened.

The storm brought the first snow of the season to Texas last night and scattered a fall of snow from a trace to more than a foot thru Oklahoma, Kansas, Iowa, Colorado, Nebraska and on into the northwestern states, North and South Dakota and Minnesota. The effects were felt westward to the Pacific coast where the storm dwindled to a general rain. The old south was not affected.

NEBRASKA HIT  
Nebraska and Iowa apparently were hardest hit. More than 2,000 telegraph and power poles were broken off, and railroad and commercial lines were seriously crippled or put out of commission in all directions from Omaha. Storm damage was estimated at more than \$2,000,000. No death was reported, however.

Temperature in the entire storm territory hovered around freezing, making the precipitation beneficial for winter wheat, according to weather bureau reports.

In Iowa the unfrozen ground permitted the moisture to enter freely and in Kansas wheat belt it broke a long drought.

HEAVY SNOW FALL  
St. Louis City, Mo., advised told of ten inches of snow in 24 hours, with street car service handicapped. Seven inches was reported at Sioux Falls and other points in South Dakota. Drifting snow was blocking roads and impeding city traffic. Snow drifts of one to three feet were reported in western Kansas, but the precipitation tapered off as the storm moved across the state toward Missouri.

Belated trains and crippled telephone and telegraph service were the only reminders of the winter's first storm in Colorado and adjoining states. The heaviest precipitation was at Walsenburg, where 18 inches of snow was on the ground.

### CHARGE POLICE AID BOOTERS

Home Guards Take Liquor  
Smuggling in Hand

WEEHAWKEN, N. J. — (By United Press) — "Home guards" patrolled the Hudson-co waterfront today to prevent further liquor smuggling, following the arrests of nine policemen accused of aiding bootleggers in landing contraband, valued at \$50,000,000 from harbor craft.

A vigorous campaign to destroy the liquor traffic will result in the issuance of more warrants, Prosecutor John Milton promised a dry crusade, which was given impetus by a punch from the fist of a belligerent priest, is expected to reach "higher up" than the police force.

The priest, Rev. George F. Bennett, took a hand in the game when saloon keepers near the water front refused to heed his request that they close down at midnight. He went alone to the water front and threatened a full month of bootlegger with personal violence. Following the priest's visit, two citizens, both of whom are held as material witnesses, claim to have been threatened with death when they went to the scene of the liquor smuggling operations along the waterfront at night.

GETS HER 13TH  
LAST ST. LOUIS — "Thus ends another lesson," said Mrs. Henry Lorge as she obtained her thirteenth divorce from her latest husband. One of the objects of Mrs. Lorge's affections entered into three marriages with her, each ending in the divorce court.

SHIP REPORTED AFIRE  
STONY POINT, Mich. — An unidentified ship was believed to have burned in Lake Erie fifteen miles off Stony Point last night. Residents here reported seeing a huge blaze in the lake that lasted far into the night.

# AGRICULTURE IS TALK THEME

Pres. Coolidge Addresses Audience at Stock Show

Turns Toward Home

Says Over Production Causes Farm Economic Ills

Enroute With President Coolidge — President Coolidge was speeding back to Washington today after a strenuous 18 hours in Chicago, during which he made two speeches and inspected the International Livestock Exposition.

It was Mr. Coolidge's first trip to the west since he became president and his first speech to a middle-western audience since he entered the White House.

While both his speeches were devoted largely to agricultural interests, Mr. Coolidge, without mentioning the League of Nations, or the world court, urged a worldwide cooperation for peace and predicted a wave of prosperity for the coming year.

The president will reach Washington at 8 p. m. today. His route took him from Akron and Youngstown, O., Conneville, Pa., and Cumberland, Md.

CHICAGO — (By United Press) — Reduce production was the advice President Coolidge gave to farmers in a speech here last night at the International Livestock show.

Most of the ill of agriculture comes from over-production, Mr. Coolidge declared, and not from failure of the government to devise panaceas.

"It is not from any lack of government activity in these directions that the farmer is suffering," Mr. Coolidge declared emphatically. "The troubles of the farmer are on the farm and in the market. They come largely from over-production. We are searching for remedies."

REDUCE PRODUCTION

"The sound remedy is to reduce production and that is a remedy which will automatically apply itself if there is not artificial interference."

Mr. Coolidge declared that the time will come when this country will become an importer of food-stuffs and the question will be under-production rather than over-production. But until that time comes, the farmers, for their own good, should produce enough to feed this country and leave a marketable surplus.

The federal government is doing everything within its power to help agriculture attain a secure footing, Mr. Coolidge said, pointing out that \$5,000,000 has been placed at the disposal of the war finance corporation and the agriculture department during the past three years. This money was used to help deflated agricultural districts.

President and Mrs. Coolidge took keen enjoyment out of the parade of prize winners at the livestock show. They were much interested in the ponderous draft horses, some weighing a ton and a half. They gazed with admiration at the prize-winning cattle, hogs and sheep and expressed amazement at the success of the breeding methods of the middle-western livestock raisers.

PRICE TOO HIGH

CHICAGO — Why the president of the United States came into Chicago in an ordinary sleeping car on a regularly scheduled train instead of on a special train as presidents usually travel, came to light in a tale related by a White House attaché who accompanied the executive.

The president from the first refused to take a special train, but was willing to take a regular one and railroad officials started dickering on the expenses, the story went.

THE COST A DAY

"The cost will be \$30 a day for the private car, and an additional charge of twenty-five fares," railroad representatives informed the White House.

The president saw no objection to the \$30 a day but he casually inquired how many persons could be carried on a private car.

"When he was asked how many persons could be accommodated — and 25 fares were wanted — he put his foot down."

"Well, buy no railroad 15 extra fares when the 15 extra persons can't be carried on the car paid for," he was quoted as having said.

So the president sent one of his aides to the ticket office to buy space in an ordinary sleeper with a restaurant car on his recent trip for economy by saving approximately \$1,700 of public money.

MACKENZIE TELLS CLUB OF TRIP ON CONTINENT

Ralph Mackenzie, local attorney, gave a talk before the Y club at the Y Thursday noon on "My Impressions of England, Scotland and Wales." Mackenzie recently attended the International Bar association convention held in London, England and Paris, France.

# SCORE ANOTHER FOR RADIO

PITTSBURGH — A radio romance which had its inception when Thomas Mallo, Pittsburgh vocalist and song writer, appeared on a program at a local broadcasting station and Miss Dorothy Hess of Chicago, an actress "listened in" in her New York apartment, was revealed here today when an announcement was made of their marriage.

The "radio courtship" began three months ago when Miss Hess sent Mr. Mallo a note of congratulations after hearing a concert. They were married at Greensburg, Pa., last Monday.

# SEWER BIDS TO BE RECEIVED

\$500,000 Contract Will Be Let Dec. 30

Bids will be received up until 10 a. m., Tuesday, Dec. 30, at the office of J. Henry Meyer, county sanitary engineer, St. Peter block, and predicted a wave of prosperity for the coming year.

The president will reach Washington at 8 p. m. today. His route took him from Akron and Youngstown, O., Conneville, Pa., and Cumberland, Md.

CHICAGO — (By United Press) — Reduce production was the advice President Coolidge gave to farmers in a speech here last night at the International Livestock show.

# SAVING PROGRAM GETS JOLT

House Quick to Override Coolidge Economy Plan

APPROPRIATION STOPS

Rough Going Predicted for Prepared Fiscal Budget

WASHINGTON — (By United Press) — Congress already shows signs of bucking President Coolidge's economy program to an extent that may wipe out \$7,000,000 surplus expected this year and threaten future tax reduction.

Action by the house in disregarding the president's recommendations before his message was a day old, by putting a \$235,000 appropriation for 29 land offices back in the interior bill is regarded as an omen of the temper.

LEADERS PERTURBED

Secretary Work and the house appropriations committee recommended that the office be abolished as a means of saving money but the house speedily overrode on seven contracts aggregating \$100,000, for sewer and water mains in the county sanitary sewer district, west of the city.

The contracts will embrace three jobs for construction of sanitary sewers; two storm sewer jobs, construction of pumping and ejector stations for the sanitary sewers, and the last contract for construction of water mains thru the entire district to be improved.

The larger sewer will be built of segment blocks, or monolithic concrete, or concrete pipe, steel reinforced. The monolithic type will range from six inches thick on 30 inch to 12 inches thick on 78 inch bore. Smaller sewers will be of vitrified tile, double strength.

Water mains will be of steel or cast iron tube, with hydrants included. When the water is installed no building the district will be exposed to fire hazards, other than might be expected within the city limits, Meyer declared.

STRENUOUS MEASURES

This prospect faced the house managers today when debate on the interior bill was resumed. Strenuous measures are to be taken to head off other extravaganzas.

The senate today continued to plod along with debate on the Muscle Shoals bill. No decision is expected until President Coolidge returns tonight and expresses the position of the administration regarding the Underwood compromise plan.

WASHINGTON — (By Associated Press) — Consideration of the interior department appropriation bill under the five minutes rule permitting amendments again was the order of business in the house today, with leaders hopeful of putting the measure to a final vote before the end of the week.

The flurry of debate yesterday over the adoption of an amendment to strike from the bill a section proposing the abolition of 39 land offices had subsided temporarily, with friends and foes of the proposal resting the issue pending another vote which must be taken before final passage of the bill.

The amendment offered by Representative Sinnott, Republican, Oregon, was accepted by a vote of 68 to 47 after a heated debate in which Representative Crampton of Michigan, chairman of the sub-appropriations committee in charge of the bill, charged western members from districts where the land office business is being closed with "a pork barrel" vote to kill the section.

MUSCLE SHOALS

The Norris and Underwood proposals for utilization of Muscle Shoals continued today as the vehicle of senate debate on the question.

The authors of the two plans, Chairman Norris of the senate agricultural committee, and Senator Underwood, Democrat, Alabama, who met yesterday, were prepared to participate in the debate again today with several other senators.

Both of the measures provide for government ownership and either private or government operation. Both also provide for the development of power, the manufacture of fertilizer and improvement of the navigability of the Tennessee river, but the Norris bill stresses power development, while the Underwood bill requires the production first of a minimum of nitrogen for munitions and fertilizer.

SENATORS DIVIDED

Senator Norris prefers government operation while Senator Underwood favors private operation. Notice had been given by Senator Smith, Democrat, South Carolina, that he would vote today the drafting of a measure incorporating features of both the Underwood and Norris plans.

With no word yet received by administration leaders from President Coolidge as to his attitude on specific proposals for settling the Muscle Shoals issue, there was prospect of indefinite debate unless the executive makes known his position.

STRANGE MALADY

BEAUVOIR, Miss. — Five Confederate veterans, inmates of the old soldiers' home here, have died during the last nine days from an epidemic which doctors said today had not been diagnosed. One other is expected to die from the disease which affects the stomach.

RATS STOMACH MENTORS

COLUMBUS, O. — (By United Press) — A small army of little white rats will be sent out over Ohio to teach people of the state what food is or is not good for the stomach.

# Mainly About People

Mr. and Mrs. Elmer Babbs, Altoona, Pa., announce the birth Wednesday of a daughter.

Mr. and Mrs. Clarence Merers, 1100 E. North, announce the birth Thursday of a son. They have given him the name of Clarence, Jr.

James Smith, 6 year old son of Mr. and Mrs. C. L. Smith, E. High-st., underwent an operation for appendicitis at the City hospital Wednesday at midnight. He is slightly improved.

Rev. Warren L. Steeves gave an address before the Men's Brotherhood of the Park-way Baptist church, Mansfield, Wednesday.

Mr. and Mrs. R. W. McPherson, 127 S. Jackson, announce the birth of a son, Nov. 27. They have named the child Raymond Welles, Jr.

Mary Jane and Thomas Allen Glick, children of Mr. and Mrs. Roy B. Glick, 227 S. Cole-st., underwent operations for removal of tonsils Thursday at St. Rita's hospital.

Charles Meckstroth, New Knoxville, is recovering from an operation he underwent Thursday at St. Rita's hospital.

Robert Howe of Toledo is visiting at the home of H. H. Treat, W. Wayne-st. this week. His mother Mrs. W. W. Rowe is also a guest there over the week-end.

J. E. Hubbard, relief agent of the B. & O. railroad is a business visitor at the local freight house for several days.

W. J. Forsyth, inspector from the Weighing Inspection Bureau of Chicago, Ill., is looking after affairs at the Pennsylvania freight office this week.

T. P. Pearson, "Y" general secretary, is expected to return Friday evening from Chicago, where he has been attending an international congress of boys' workers. Pearson represented the Lima Rotary club.

Frances Christen, daughter of Mr. and Mrs. Leo Christen, 673 W. Elm-st., who underwent an operation a week ago at St. Rita's hospital, has been removed to her home.

Y. M. C. A. nominating committee met Thursday afternoon at the Y. M. C. A. and began making plans for a new members' dinner to be given Tuesday evening, Dec. 16. T. Held Alexander, membership secretary announced Friday morning.

Brown Douglas, local reader and impersonator, will give a short program before a dinner meeting of the Y. M. C. A. Boys' Bible class at the "Y" Friday evening. Nearly 150 members are expected to attend. Ira L. Shaeffer will preside.

# Giant Dream Ship May Be Peace Craft

BELLEVILLE, Ill. — Upon announcement that the R.S.-1, a semi-rigid airship of about 350,000 cubic feet capacity was nearing completion at Akron, O., for delivery in the spring at Scott Field, the army's chief lighter than air station, Lt. Col. J. A. Paegelow, commandant, told of his dream of building a giant ship of 3,000,000 to 10,000,000 cubic feet capacity.

The R.S.-1 will be almost twice as large as any ship previously stationed at Scott Field. It will have two carriers for airplanes.

Colonel Paegelow's dream ship would be used in peace time carrying passengers, mail and freight and in war time to transport men and airplanes.

"The next war, due to development of bombing, won't be fought by ships marching over roads to the front," he said. "They will have to go by subways or air, and the air will be the most economical and rapid."

Col. Paegelow said his dream ship would have a big bag beneath the bag with two elevators running up to the bag to a platform on top of where the planes could take off and land. He said that the ship could not be shot down because it would be so big it could carry ample anti-aircraft guns.

The Scott Field commandant said the two airships obtained from Germany could make profits carrying passengers and mail could cross the Atlantic at big class steamship fare for passengers and 25 cents for a letter.

Col. Paegelow said talk about the Shenandoah going to the North pole was "advertising."

"It could not go there any more than one of my little ships could," he said. "It has no way to care for the crew in the cold."

MANY RECEIVE AID OF LIMA RESCUE MISSION

Fight families received emergency aid and clothes, 52 men were given employment, 277 feedings were given and 37 meals were served to deserving men by the Lima Rescue Home during the past month, according to a report made public by Rev. Welty Friday.

In the children's department the Junior Citizens club meets each Saturday afternoon and religious meetings are held nightly at the mission.

Five religious services were held at the city and county jails during the month.

JAPANESE SPOKESMAN COMING TO AMERICA

# ELECTION SUIT IS FILED

Contest Over Commissioner, Judge Offices Aired

MANY CHARGES HURLED

Fraud Charged in Count of Ballots on Nov. 4

OTTAWA — Election of William George, Belmore, as probate judge and Andrew Fottis Jackson, as county commissioner, is contested in two suits filed in Putnam-county court Friday morning by John T. DeFord, of Ottawa.

The petition, charging discrepancies in the count of votes on November 4, asks that the election of the two be nullified and that the office of probate judge be given to A. L. Reich, of Columbus Grove, and the office of county commissioner, be named county commissioner.

The petitioners charge that in the west precinct of Jennings, the number of persons who voted exceeded the number of names on the poll books and that the election of Reich fraudulently and illegally failed to proceed as directed, but omitted the ballots.

CLAIM BILLS CLOSED

Presidents in Kalida, Ottoville, Port Jennings, Ottawa, Miller City, Clarendon and Leipsic are included in the petition.

The petitioners claim that in South Putnam-county one judge refused to take the oath of office and in Jackson-county the members of the election board, including judges and clerks, voted in one political party.

Many other charges are incorporated in the petitions. Claimants allege that in Jackson-county the polls were closed for an hour at a time in Belmore corporation, the number of ballots failed to agree with the count given election officials.

In Precinct B, Leipsic, voters were transported to the polls, it is alleged, and their vote shows a wide diversion in the state, county and judicial tickets.

The petitioners ask that all votes in precincts cited be declared illegal and that Robinson and Reich be declared elected to the respective offices.

# CHRISTMAS TREE PLANS CONSIDERED AT MEETING OF MERCHANTS THURSDAY

More than 150 members of the Wholesale Merchants, Retail Merchants and Credit Managers associations held a joint meeting Thursday evening at the Barr hotel to discuss the subject of retail credits.

The subject of placing Christmas trees in the flagpole holes in the downtown section during the Christmas season also was brought up. Announcement was made by James E. Morton, manager of the Lima board of commerce, that the Ohio Power Co. may make a special rate for the wiring and lighting of the trees.

Orders for more than 150 trees already have been placed with the American Legion, which is supplying six-foot trees for the occasion at the special rate of 40 cents each.

# ATHLETIC COUNCIL TO MEET ON FRIDAY NIGHT

The athletic council of the Y. W. C. A. will hold a meeting Friday night at the Y rooms to discuss matters that are coming up with this season's events. Arrangements will be made concerning basketball games this winter and it is planned to have the first game at Van Wert in several weeks.

The council consists of officers representing the various sports in the Y, volleyball, bowling, gym work, basketball, tennis, etc. The president, vice-president and secretary-treasurer of the Athletic Association will also be there with Miss Mary Hazard, physical director of the Y. W. C. A.

# TWO FARMS FIGURE IN REAL ESTATE CHANGES

WAPAKONETA — (Special) — Really transfers involving two valuable farms in Angiaize-county were recorded here Friday morning as follows:

John Butler to Minnie Butler and others, 55 acres, section 22, Union-twp. affidavit.

Druella Marbaugh, executrix, to Gladys C. Kaufman, 55 acres, section 20, Salem-twp.

# DITCH HEARING

WAPAKONETA — (Special) — Commissioners of Allen and Auglaize-counties in a session here Friday morning, agreed to cooperate in a decision on the Cridersville ditch. The commissioners will view the ditch on Jan. 1, and the following day the hearing will be held.

# ACCOUNT FILED

WAPAKONETA — (Special) — Herbert Schulenberg, administrator of the estate of Claude B. Horner, deceased, Friday morning was granted authority to sell real estate. Date of hearing on his final account was set for Feb. 2.

# BIRTHS ANNOUNCED

MILLER CITY — Announcement has been made of the birth of a son to Mr. and Mrs. Matthew J. Konst and Mrs. Joseph Klemm announced the birth of a daughter into their home.

# REDMAN ARRESTED

DELPHOS — Philip Redman, of this city, was arrested Thursday night on charges of being drunk and disorderly. Redman will be arraigned before Mayor G. N. Leasure late Friday afternoon.

# GRAVE SPIRITS

CINCINNATI — (By United Press) — A tombstone marked the abiding place of intruding spirits here.

Dry agents last night watched a man enter a cemetery, remove a slab of stone and take from a supposed grave, several quarts of hooch.

Later they arrested Herbert Brabender, 40.

# TELEGRAPH TABS

JERSEY CITY — For teasing his wife out of the window after sampling some home brew, Paul Steener was sentenced to six months in jail today.

NEW YORK — The stock exchange east which in 1923 cost Henry Clegg \$500 was sold today for \$97,000.

NEW YORK — Spirited bidding by madmen institutions and individuals under way for possession of the St. Gaudens Dime, historic sculpture which tops Madison Square Garden, soon to be torn down.

BERLIN — Approximately 4,600 candidates are contesting for less than 500 seats in the Reichstag in Sunday's elections.

LONDON — The Anglo-German trade treaty, according to text published in today's papers, provides for reciprocal freedom of commerce, navigation and industry after passage of four years.

Any disagreement under the treaty is to be referred to The Hague court for settlement.

NAUEN, Germany — Successful wireless communication with Honolulu was established at the opening of the German radio exposition here.

# SILVERMAN CASE REVERSED

Appeals Court Finds Error in Killitt's Charge

Sentence passed by Judge Killitt at Toledo, on July 5, 1923, on Louis Silverman, of 540 W. McKibben-st., sending him to the Atlanta penitentiary for 18 months for larceny of a number of automobile tires, was reversed by the Cincinnati Circuit Court of Appeals Friday.

The court found error in the charge of Judge Killitt to the jury. Silverman will now have the privilege of a new trial in federal court.

On May 5, 1923, Silverman was arrested by Detective Inspector Willis Kipker and jailed on a grand larceny charge. He was suspected at that time of being affiliated with a gang of automobile thieves, and was turned over to federal authorities.

In his federal court trial he was found guilty of possessing eight automobile tires, part of a shipment by the Firestone Rubber Co., of Akron, to its Los Angeles branch.

# ALLEN-CO REPUBLICANS ACT ON APPOINTMENTS

Six endorsements were made by the G. O. P. executive committee which met in headquarters, Holmes block, Thursday night.

H. E. "Hank" Simonton and William Raeder were endorsed for members of the board of elections, and Art Morris was endorsed for clerk. The three are already in office.

Bill Roth was named for courthouse janitor, Sam Fletcher, civil war veteran, for reappointment as sergeant at arms in the state senate chamber, and Ezra Jones, colored, for doorkeeper in the house of representatives at Columbus.

The committee adjourned after appointing a sub-committee to look into qualifications of applicants for assistant prosecuting attorney and county sleuth.

# VICTIMS OF BLAZE ARE IMPROVING AT HOSPITAL

A slight improvement was reported Friday at City hospital in condition of two-months-old Richard Kennedy, who was seriously burned Thursday afternoon in a fire which destroyed an apartment house at 734 S. Elizabeth-st.

The infant's mother, Mrs. C. G. Kennedy and a sister, Irene, aged two years, are also improving from burns and injuries suffered when they jumped out of a second story window to the ground.

# KING IS RELEASED ON BAIL IN THEFT CHARGE

M. D. King, 29, laborer, of 462 W. Grand-av., arrested on a charge of stealing a pocketbook containing two rings, a watch and a key belonging to Miss Hazel Mowbray, entered a plea of not guilty to charges of forgery and larceny in criminal court Thursday afternoon.

He was bound over to the grand jury under \$2,000 bond by Judge Neal Poling. Relatives furnished bond and he was released.

King's arrest followed an attempt to pass a check for \$11, which was in the pocketbook at the time of the theft, at a local bank.

# MODEL SUCCUMBS

LOS ANGELES — Antonio Cori, 56, world famous as an artist's model, died here today. He posed for Sir John Sargent's "Hosea," the noted "End of the Trail" statue at the San Francisco Exposition, Sir Edwin Abbey's "Holy Grail Series," Holman Hunt's "Light of the World," and other masterpieces.

# CREDITORS MAKE SEARCH

ST. LOUIS — Jacob W. Uffland, president of the National Jewelry Co., St. Louis, and of the Milton Watch Co., New York, which went into bankruptcy last week, has disappeared from St. Louis and creditors here and in New York, with claims of \$600,000 or more are endeavoring to find him, officers announced today.

# MARRIAGE LICENSES

Joseph Wisby Weaver, 22, heater, of 455 W. Grand-av. and Geroldine Ella Turner, 20, of 435 E. Pearl-st.

# OUR 1923 CHRISTMAS SAVINGS CLUB IS NOW OPEN

5 PER CENT INTEREST. THE ALLEN COUNTY SAVINGS AND LOAN CO., SAVINGS BUILDING, MARKET AND ELIZABETH STS.

# CHANGE IN SPEAKER IS MADE BY O. S. U. ALUMNI

Dr. Felix Held, of the College of Commerce and Journalism, Ohio State university, will be unable to speak before the meeting of the Allen-county alumni of Ohio State university Friday evening at the Barr hotel. John Crope, county alumni president, announced Friday morning.

A telegram was received from Dr. Held stating that he would be unable to come because of the death of his sister in Kansas.

Malvin G. Light, local attorney, has been secured to speak in Dr. Held's place. Keith DeVoe, Lima, youth who played on the State football squad and is now a member of the State basketball squad, also will give a short talk.

Dinner will be served at 6 p. m., following which the talks will be made. A large number of local alumni are expected to attend.

# "Jolly Jester" To Appear Here

The "Jolly Jester" who works in conjunction with the state department of health in its annual Christmas seal campaign, will give an entertainment Wednesday afternoon, Dec. 10 at Memorial Hall.

The Jester has been giving these entertainments for several years and has become quite well known to school kiddies who hail him coming with much eagerness. Altho he does some magic stunts his performance is educational in that it teaches the child to eat the right kind of food and to take proper care of himself or, as the Jester says, "he will meet great woe."

**A USEFUL XMAS GIFT**

## RADIO FORECAST SOUGHT

Fans Urge Officials to Point Out Static

CHICAGO — (By Associated Press) — Hope expressed by many radio fans that the United States weather bureau would be able to forecast radio reception conditions as it does the weather, has been given new impetus by indications from bureau officials that such predictions may be practicable. These officials point out, however, that the weather bureau has not made any official investigations due to the fact that it has no funds available to provide the facilities and the personnel.

### FORECASTS SOUGHT

The weather bureau has received many requests and suggestions from radio enthusiasts urging that it undertake to forecast static conditions.

"We fully appreciate that such forecast would be popular and well received," one official said in reply to inquiries. "Several of our people interested in radio in a personal way have been making notes on radio reception under varying weather conditions. These fragmentary reports and experiences lead us to believe that radio-weather forecasts for at least a day or two in advance may be practicable. However, we feel that it would be unwise to attempt a new work of this sort in a hit-and-miss way and that it should not be begun until the subject has been studied thoroughly and systematically and we are convinced that reliable and worthwhile service can be given."

### NO INVESTIGATION

"The bureau has not undertaken any investigation of the problem officially. The difficulty is that we have no funds which can be applied to the providing of facilities and personnel for the conduct of the investigation. There are so many factors involved that it would require an extensive program of collecting and compiling data before a serious study of the problem could be made."

### NOT FOR HIMSELF!

LONDON — Robert Bradley, London tailor, has placed this unique advertisement in his show window: "Noble gentlemen—if you have clothes tailored for you, you are assured of the very best. Why? Well, noble gentlemen, my work is so fine that I would not allow a poor man like myself to be seen on the streets wearing them. I wear ready-made clothes, but tailor for GENTLEMEN!"

NEWSPAPERARCHIVE®

## The CALENDAR OF DINNERS

*A new source of  
daily cooking help*

### Contents

365 complete dinner menus—one for each day of the year. A daily answer to the daily puzzle, "What shall we have for dinner to-night?"  
Practical suggestions for judging, choosing and cooking meats, fish, fowl and game.  
"Time-table" showing just how long to cook various classes of foods together with a complete and modern table of measurements.  
Unusual and unusually helpful ideas about cake-making and pie-baking.  
Special sections on Soups, Vegetables, Canning, Salads, Puddings, Breads, Eggs, Vegetarian dishes and the Art of Carving.  
231 pages of practical culinary information handsomely bound in blue cloth and printed on fine coated paper.  
Of this cook book, written by Marion Harris Neil, formerly cooking editor of the Ladies' Home Journal, a prominent New York publisher said: "Such a book would cost at least \$1.00 in the average book store."  
But you will find below a simple way to get it for 10c.

# How to get this \$1.00 Cook Book for 10c (Special Offer for one week)

**H**ERE is a really unusual opportunity. We wish every housekeeper in this city to use a can of Crisco; to discover for herself through actual test the ten outstanding virtues of Crisco (listed below).

So in cooperation with your grocer we are making an offer by which you can save 90c.

### How you Save 90c

During the coming week we will give you, for 10c, an unusual cook book with a minimum value of \$1.00—provided you accompany that 10c with a wrapper from a can of Crisco.

### Does any shortening, besides CRISCO, possess these 10 virtues?

- 1 Crisco is a pure vegetable shortening—not an animal fat. Crisco is made from the pure sweet oils of growing plants.
- 2 Crisco delightfully answers every shortening and frying purpose: For Cake-making, Shortening, Frying.
- 3 Crisco gives perfectly delicious results. Crisco cakes are light and tender and stay fresh longer. Crisco fried foods are crisp outside and tender and fine-flavored inside. Crisco pie crusts and pastry are deliciously brown and flaky.
- 4 Crisco needs no refrigeration. It keeps sweet and fresh indefinitely without ice-box help.
- 5 Crisco is very digestible. (Food authorities say that an easily digested fat should melt near body heat—98½ degrees. Crisco melts even below this temperature. It melts at 97 degrees.)
- 6 Crisco helps to secure uniform cooking results, for Crisco itself is absolutely uniform. Crisco never varies—it is the same to-day, to-morrow and a year from to-day.
- 7 In frying with Crisco you avoid smoke and unpleasant odors. Crisco never publishes, to living room callers, intimate news of kitchen activities.
- 8 In frying, Crisco is but little absorbed by foods. Crisco makes fried foods with a crisp, brown outside and a tender, digestible inside.
- 9 After frying with Crisco you can strain it and use it again and again. You can fry fish, then onions, then potatoes in Crisco and the potatoes will not even hint of the onion.
- 10 In all kinds of cooking Crisco lets the fine full flavor of the ingredients come out—undisturbed by the flavor of the shortening itself.

This cook book consists of 231 pages of cooking and serving information—the sort of information that will give really practical daily help to even an experienced cook. Prepared by Marion Harris Neil, formerly cooking editor of the Ladies' Home Journal, it contains also 615 tested recipes.

In "A Calendar of Dinners" Mrs. Neil approaches the housekeeper's daily problem of "what for dinner" from a fresh, sympathetic viewpoint.

Her cook book will save you a great deal of time and worry when you are puzzled over the menu for a dinner.

For it contains a special dinner menu for every day in the year and gives recipes for a great many of the dishes mentioned in these menus.

An outstanding point about these recipes is this: They are prepared with special reference to digestibility. They will be peculiarly

welcome to every thoughtful wife and mother who keeps a careful eye on the healthfulness of her family's foods.

### The simple way to secure this cook book

To secure for 10c the \$1.00 cook book shown above is a very simple and easy matter. This is all you need to do:

1. Buy a can of Crisco from your grocer.
2. Clip the coupon in the lower right-hand corner of this page and carefully fill in your name and address.
3. Remove the outside wrapper of your can of Crisco, attach the coupon to it and bring or mail both the coupon and the wrapper to the

Lima News,  
Lima,  
Ohio.

Enclose or bring 10c in stamps or coin.

Clip this coupon and secure  
this \$1.00 cook book for  
only one wrapper from  
a can of Crisco and

10c

### Special Crisco Week at your grocer's

During the coming week you will see Crisco prominently displayed in your grocer's store. He will invite you to buy a can.

If you order by telephone he will mention Crisco especially. His reasons are two-fold and both are reasons of service to you:

1. Wanting to do you a service beyond the mere filling of your daily order, your grocer will urge you to buy a can of Crisco this week because he will thus help you to secure for 10c a cook book valued at \$1.00 at least.

2. As a progressive modern merchant your grocer naturally prefers to sell you the most practical and wholesome food ingredients. He would rather sell you a shortening which you can use for every cake-making, every shortening and every frying purpose than one whose usefulness is limited. When he sells you Crisco he knows that he is selling you a shortening which alone delightfully answers every shortening purpose; a wholesome shortening made from the pure sweet oils of growing plants.

HOLLANDERS FOR PEACE PLAN

Anti Militaristic Address is Well Received

WAR MENACE NOT LIFTED

People Shudder at Recital of Gas Attack

THE HAGUE, Holland — (By Associated Press)—If the deafening applause that greeted Prof. Van Embden's recent anti-militaristic address is any indication of the general feeling of the country, the people of the Netherlands may be said to be virtually solid for disarmament.

The spokesman for the abolition of the army and navy met Gen. Snyder, formerly commander in chief of the Dutch army, at a public debate before a packed audience in the biggest assembly hall of the Dutch royal residence. Thousands of people belonging to all classes of society eagerly followed the arguments on both sides. A battery of sound amplifiers had been installed for the benefit of the multitude outside which had been crowded out.

MENACE PRESENT

Both speakers agreed that despite the Geneva conventions the menace of war had not been wholly lifted from the world, and they envisaged Holland's position in the eventuality of another great war in the light of the fact that the country had miraculously escaped from being dragged into the last world conflict. How could

DEATH FORETOLD BY PHONE

Body of Former Policeman is Found Hanging

CLEVELAND — Edward Dvorak, former city patrolman dismissed from the police department in 1921 in connection with the robbery of a whiskey running automobile, was found hanging in a house in Euclid Village last night under mysterious circumstances.

Before Cleveland police had been notified of his death through official channels, Inspector Charles N. Sterling received an anonymous telephone call that started an investigation.

"You will hear of the death of Edward Dvorak, the former policeman," came the message to Sterling. "It will look like a suicide, but it isn't. You'd better look into it."

Sterling asked the man his name, but there was no answer. Efforts to trace the call were unsuccessful.

Sterling immediately established communication with the Euclid Village police department, and learned that Dvorak's body had been discovered a few minutes previous hanging from a clothes line passed over a collar bar.

An overturned box was found a few feet away. According to attendants at the morgue there were no marks of violence on the body and nothing to indicate that the former policeman did not meet his death by suicide.

Dvorak and another police officer were charged with robbing a run running automobile in 1921. Dvorak later was convicted and the other officer acquitted.

COURT BYSTANDERS TO COMPOSE INQUIRING BODY

CLEVELAND — Sheriff Charles B. Stannard is preparing to select 15 "bystanders" to make up the venire from which a special grand jury will be selected to investigate the Cleveland Discount Co.

The grand jury is to start functioning on Dec. 23, by order of Atty. Gen. C. C. Crabbe, on request of Gov. Donahay.

George Wallace, county clerk, who served notice to obtain the venire, told Stannard that the venire must be completed by Dec. 19.

DIRECTORS NAMED

COLUMBUS — New representative directors of the Ohio Farm Bureau Federation, announced yesterday at the federation offices here, are D. L. Hower, representing Trumbull, Ashtabula, Lake and Geauga cos.; U. S. Ray, Darke, Miami, Clark and Champaign cos.; G. O. Evans, Lawrence, Pike, Seneca and Jackson cos.; Harry G. Beale, Franklin, Union, Madison and Delaware cos.

ENGLAND RILED OVER DEBT

To Enquire About France-U. S. Payment Plan

LONDON — (By Associated Press) — The British government today is expected to address a note to the American and French governments in the course of the next few days requesting those governments to inform Great Britain what steps had been taken or are anticipated in settling the French war debt to the United States.

LONDON — (By Associated Press) — The idea that the United States may agree to fund the French debt on more favorable terms than the British continues to agitate a section of the press, which is making a front page feature of it.

The British government is addressing "inquiries of a most courteous but more than informal character" in Washington through diplomatic channels, according to the Daily Telegraph, with a view to eliciting information of the American government's intention regarding the funding of France's obligations.

But, the writer adds, unless and until it is made clear that Washington is prepared to grant France easier terms than are contained in the British agreement without amending that agreement correspondingly, British official circles will continue to assume the contrary.

While it is everywhere admitted that the United States is under no sort of obligation to amend the British terms in any case, there is manifest expectation that if France is accorded better treatment, Great Britain will be similarly considered. There is also a growing insistence that if France should pay the United States, she should also pay Great Britain. Any other course, says the Daily Express, would be unthinkable.

LIMA RADIO EXPERT IS COLLEGE BROADCASTER

Robert L. Stolsbach, of Lima, a student at Wittenberg university, Springfield, with Herman Hess, of North Baltimore, is in charge of the college broadcasting station, according to word received here Thursday.

Stolsbach has been broadcasting since the infant days of station WNAF, when it was first opened at Wittenberg. His private transmitting station in Lima gave him the knowledge to cope with the management of the college station.

MOTHER THROWS CHILD INTO ICY LAKE WATERS

CLEVELAND, O. — Despondent, Mrs. Irene Wood, 23, led her daughter, Irene, 6, to a lonely pier on the east side, pushed the little girl into the icy waters of Lake Erie and then drowned herself.

"I am leaving you the two boys and taking the girl with me," Mrs. Wood said in a note left for her husband, Worden Wood.

EYES OF SCIENCE

Only a few much-favored eyes of men of science have been privileged to look upon vitamins, yet everybody must have these nutrition factors in abundance to assure growth and sustain strength.

Scott's Emulsion for fifty years has earned world-wide reputation as a builder of strength. It is the much-favored food-tonic that supplies vitamins in abundance.

Scott's taken regularly helps grown people and children alike realize strength and vigor.

# OMB OUTRAGES ALTER CITY

...of Lisbon Inured to  
Attacks

By Associated  
Press  
Lisbon has been the  
scene of many bomb outrages  
in the last two months, that  
have altered the appearance  
of the central part of  
the city. In all the principal  
streets there are ruined shops and  
strewn piles of stone mark-  
ing the scene of each explosion.  
In neighboring buildings shov-  
ered windows and cracked  
walls.

It is at the work of commun-  
ism and not at present the strikes  
of the laborers and waiters afford  
an excuse for this destruc-  
tion. This explosion occurs al-  
most daily, and cafes, hotels and  
shops are the chief suffer-  
ers. The bombs are set  
off usually under the eyes of  
the police. The criminals are  
not caught, and the destruc-  
tion is a constant menace to the  
city. The officers of the law  
are doing their best to keep  
the city safe, but the destruc-  
tion is a constant menace to the  
city.

It is the fact that that a  
man nearly lynched two  
days ago. The other  
people of this city have  
not accepted these outrages.  
They do not seem interested.  
In places where it rains  
down, they say, others where  
it rains down, they say, in  
other words daily bomb out-

## ANCE FAVORED

Institution Heads Would  
Push Present System

By United  
Press  
Abolition of the pres-  
ent governing Ohio  
institutions is expected to  
be voted today at the meet-  
ing of the Managing Officers' as-  
sociation here.

The organization's mem-  
bers, which consists of super-  
intendents in charge of the vari-  
ous institutions, indicated  
disfavor with the present  
system of direction.

E. Harper, director of  
welfare, himself is in favor  
of the present system, turn-  
ing to the old one, and in 1921  
the association is ex-  
pected to vote a resolution, to be  
submitted to the legislature, to  
return to the former form of  
management.

system in vogue until  
the escape of four hipartisan  
known as the Ohio board  
of directors. One was a phy-  
sician, a farmer, one a busi-  
nessman and the last an en-  
gineer. They were appointed by  
the board for four year terms,  
and so that one mem-  
ber expired each year.

in the state pay patient  
be asked by Dr. O. O.  
superintendent of Toledo  
hospital. He advocates ad-  
mission of private patients to  
hospitals; the revenue to go  
to the hospitals.

# LINCOLN WROTE CAREFULLY

Gettysburg Speech Was Not An Impromptu Address

## PREPARATION NECESSARY

Great American Forced to Study to Avoid Mistakes

URBANA, Ill.—(By Associated Press)—Contrary to any general belief that Lincoln's Gettysburg address was either unprepared or a hastily prepared effort, it was a result of careful thought and much work, according to Prof. Daniel Kilham Dodge of the University of Illinois. He is convinced, after years of research work, that Lincoln's success in writing and speaking was the result of constant effort and that standard English to the Civil War president was an acquired dialect.

"It has often been assumed that Lincoln, like Goldsmith, was a master of English style by the grace of God and without special effort on his part," Professor Dodge declared. "Nothing could be farther from the truth, for we have abundant evidence, both internal and external, that Lincoln's success in writing and speaking, as in the practice of the law, was the result of constant effort."

CAREFULLY STUDIED  
"Just as he made those preparations of his law cases, studying his opponent's side as carefully as his own, never depending upon the inspiration of the moment, so he bestowed infinite pains upon the preparation of his speeches, generally writing them out in full and committing them to memory. He summed up his practice to a law student: 'Work, work, work, that is the main thing.'"

"When he did speak without preparation, as with the short speeches on the journey to Washington in 1861 or the response to a serenade the evening before the delivery of the Gettysburg address, the result was anything but successful. Unlike Seward, he had not the tongue of a ready speaker and with characteristic self-criticism he realized this defect himself. The negative characteristic was undoubtedly due in part to the fact that standard English was an acquired dialect with him and therefore he lacked the spontaneity in its use of one to the manner born."

"But this defect, also had its advantage and it is to a great extent responsible for his later complete mastery of the spoken word. It contributed to making Lincoln a progressive artist, advancing step by step from the crude 'Communication' of 1832, thru the rather sophomoric efforts of the late thirties and early forties and the more restrained speeches of the fifties, to the mark of high literary distinction of the Cooper Institute address, the two Inaugurals and the Gettysburg address."

# WELCOME!

Miss Tamara Swysakawa, known as the "Polish Girl of Poland," is coming to America. With her she is bringing a new set of gowns, with dances to match. This costume emphasizes a futuristic motif.

## NEW TRIAL ASKED

WAPAKONETA—(Special)—Motion for a new trial was filed here Thursday by L. R. Brodbeck, administrator of the estate of the late Joseph McAvoy, against the St. Marys Gas Co. The case was first heard in common pleas court and the jury returned a verdict of no cause for action. Brodbeck asked for \$25,000 from the St. Marys Gas Co., claiming that an explosion from a leaky gas pipe resulted in the death of McAvoy.

Take two tablets every three hours until three doses are taken. The first dose always gives relief. The second and third doses completely break up the cold. Pleasant and safe to take. Contains no quinine or opiates. Millions use "Pape's Cold Compound." Urice, thirty-five cents. Druggists guarantee it. adv

of Steamers Are no Longer Filled

## WATSON LAWS HURT

Wave Turns Arranged in Germany

(By Associated Press) — New York society women travel with maid and counterpane and are no longer bothered by the days when there were no steamers and no luxury were once a great advertisement, and the passengers were the profits. But times have made it impossible for agents to fill the holds of ships with European emigrants, and the agents have been to find passengers of ample to fill the space which is used to transport the first and second-class passengers. The first and second-class passengers were all thrown out of the first and second-class of the limited means, and now ship lines are offering

with greater bargains to persons who want to see Europe economically. Third-class accommodations on many of the liners have been improved as they are as good as the old second-class rooms, and special sections of the staterooms are set aside for students, teachers, professional men and other cultured persons who prefer to economize on stateroom fare and spend their money in travel or study on the continent.

Admirals, students and soldiers who fought in Europe during the World War have made up a considerable percentage of the stateroom travel on shipping board boats this past season, and the campaign to promote economical travel to Europe has only begun. Special rates are being offered for Christmas tours, which will include visits to the Italian Riviera, and elaborate plans are in preparation to attract pilgrims of the Red Cross next summer.

Many tourist agencies in Germany are working to develop tourist travel in the United States, and several parties have gone this year on inexpensive tours which extended as far as the Pacific coast. Industrialists are especially interested in the American tour, and it is expected that many German scientists and engineers will leave in the next few months to study new methods which have been developed in American and Canadian factories during and after the war. Most of these persons, however, will travel on the cable ships rather than in the stateroom.

**CRIMINALS IN STOCKS** — CONSTANTINOPLE — The ancient punishment of placing criminals in stocks, with only their heads and hands revealed to public gaze, has been revived in some outlying Turkish cities.

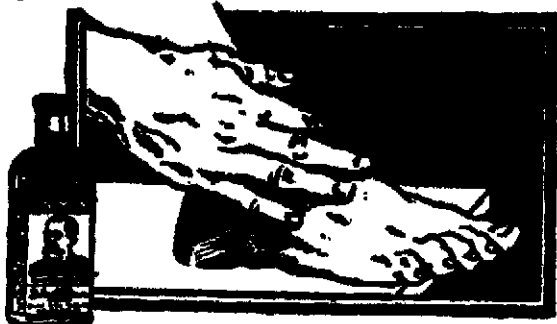

## NEW DEVICE WILL STILL NOISE OF GAS EXHAUST

LONDON — The problem of eliminating the excessive noise attendant upon airplane flight has been practically solved as the result of experiments which have been in progress here for some time, according to the Daily Express.

A new device, the paper says,

has been invented which permits the escape of exhaust gases from the motor without interfering with the speed or lifting power of the plane, while a propeller that operates without the loud whirr has been devised by an ingenious arrangement of gears attached to the engine. At the same time by increased use of internal bracing much of the noise caused by the rushing wind thru the wires and spars is avoided.

## Painful, swollen ankles

Sloan's gets right at the trouble

You'll get quick, sure relief for swollen, painful ankles with Sloan's. It requires no tiresome rubbing; the medicine itself does the work.

In it are certain ingredients that are so stimulating to the circulation that the moment it

is applied, freshly purified blood starts tingling through the aching place. And this enriched blood supply drives out swelling and pain and restores normal conditions in no time. Get this relief today. All druggists—35 cents.

# CHRISTMAS TREE IS PROBLEM

Association Head Would Retain Holiday Emblem

WASHINGTON — (By Associated Press) — The real Christmas tree problem is, how can every family have one. Approximately 5,000,000 Christmas trees are cut in the United States every year. Recently H. V. Berry of Fort Plain, N. Y., a delegate to the national conference on forest utilization, urged a federal law prohibiting the sale of Christmas trees. The Detroit Federation of Women's clubs also has sent out an appeal to that end. The American tree association, however, says that in extending the celebration's campaign to certain Christmas trees the club women are in the right, but does not favor abolishing the Christmas tree.

**CHRISTMAS SIGN.** — Why is the Christmas tree the universal sign of the Christmas season out of the lives of the children? the American tree association asks in a statement by Charles Lathrop Pack, its president. "The Christmas tree is a legitimate by-product of the forest. The real problem is how can every family in America have one. Under proper forest management, which the association advocates, one crop of trees is made to succeed another. That is the big problem to which America must give immediate thought."

"The proper cutting of trees for Christmas use in most cases permits sturdier trees to attain greater growth. True conservation of the forest results not from leaving trees to grow old and die, but from their wise use when they are needed, in whatever size, by man."

"The foresters, whose profession it is to manage and protect the forests, assert that the use of Christmas trees is proper and wholly justifiable. Professor Ralph S. Homer says 5,000,000 trees a year in one space would require, at the most 10,000 acres."

**DRY IN SMALL.** — "The United States forest service has recently stated that 'our remaining forests of all sorts are being cut at the rate of about 10,000,000 acres a year.' Ten thousand is one-tenth of one percent of ten million. Even if it took the clear cutting of that area to furnish us with Christmas trees each year, it would be but an infinitesimal part of our yearly drain on the forest."

For the north and east and even as far south as Washington, D. C., the forests of northern New England, northern New York and eastern Canada furnish the sup-

ply of Christmas trees. It is a definite seasonal industry. The trees are graded as to size and condition and shipped in carload lots.

Many towns and cities have in late years taken to planting well-developed trees in centrally located parks as Community Christmas trees.

**LEAPLIPS IN CHINA.** — PEKING — The Chinese leap year is cutting a wide swath in the streets of Peking. She has been influenced by the belated arrival of the short skirt fad in the orient and is wearing her kimono hardly below her knees. She has become a devotee of American jazz music, too, inquiry has revealed.

## AUSTRIAN "DARK HORSE" WINS; ODDS ARE LARGE

BERLIN — Thousands of spectators were "absolutely stunned" and numerous bookmakers sent into a state of confusion, "to quote Berlin sport writers, when Pan Robert 'dark horse' from Austria, at the fashionable Grunewald track, won by a length from a field of 12, most of which were 'favorites,' at 2,248 gold marks to 10, Herman Roller, the owner, for months, has had Pan Robert up for sale at 3,000 marks, but there were no takers.

The race was the windup of the fall season and all the prize winners of running races for months had been entered. There were no big bets on Pan Robert, the owner himself being dubious of his horse's performance. The bets all told amounted to but 310 gold marks and were divided among the "small fry" in five and ten mark bets. It was the first race that Alfred Bleuler, who rode Pan Robert, had won this season.

Buy her a Hoover Sweeper for Christmas.

YOU WILL BE HAPPY WITH A LOT IN WESTWOOD.

## NORWEGIAN CAPITAL TO CHANGE ITS NAME

CHRISTIANA — The Norwegian parliament having voted to change the name of this capital city of Norway to Oslo, all mail and cablegrams from all parts of

the world should, beginning Jan. 1, 1925, be addressed to the new name. The name Oslo is the revival of an old appellation. Christiania used to be called Oslo previous to 1814. The city was founded in 1048. During the last hundred years

Christiania, with a population today of 100,000, has developed into a cosmopolitan and leading position in the industrial life of the country.

OSLO WILL HOLD ANY LOT IN WESTWOOD UNTIL JAN. 30.

## A THREE DAYS' COUGH IS YOUR DANGER SIGNAL

Chronic coughs and persistent colds lead to serious lung trouble. You can stop them now with Croemulsion, an emulsified crocodile that is pleasant to take. Croemulsion is a new medical discovery with twofold action: it soothes and heals the inflamed membrane and kills the germ.

Of all known drugs, crocodile is recognized by the medical fraternity as the greatest healing agency for the treatment of chronic coughs and colds and other forms of throat and lung troubles. Croemulsion contains, in addition to crocodile, other healing elements which soothe and heal the inflamed membrane and stop the irritation and inflammation, while the crocodile goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and destroys the germs that lead to consumption.

Croemulsion is guaranteed satisfactory in the treatment of chronic coughs and colds, bronchitis, catarrhal and other forms of throat and lung disease, and is excellent for building up the system after colds or the flu. Money refunded if any cough or cold, no matter how long standing, is not relieved after taking according to directions. Ask your druggist, Croemulsion Co., Atlanta, Ga. (Adv.)

# ARRESTED IN ROBBERY

Lineup Principals in  
Bank Holdup

ELAND — (By Associated Press) — The names of the three men who were held up at a Lakewood branch of the Cleveland Trust Co. and escaped with \$17,000, known to police today, are under arrest. By statements of the victim, four men in five participated, Cameron, brought back from the hospital, told police that three hours' questioning of the bank's employees, who he drove the automobile, which the quartet escaped, he was found abandoned, and that Mack Bush, the robbery and led the execution, the police indicted last week, but early today had apprehended. Moore alleged to have given the name of the hitherto fourth member. A alleged admission came had been identified by

A. R. Anderson, manager of the bank, and Miss Helen McLaughlin, bookkeeper, as the driver of the car. As first he and George Schuler, arrived at Fremont, who was held to have escaped when the bank was closed in the week. Lander they reported their former statements but said that neither got any of the loot.

## VISCOUNT CECIL WINS WILSON PEACE AWARD

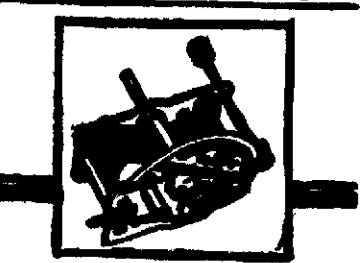

NEW YORK — Viscount Cecil of Chesham, formerly Lord Robert Cecil, is the winner of the \$25,000 award made by the Woodrow Wilson Foundation "for meritorious service of a public character tending to the establishment of peace through justice."

Viscount Cecil was chosen unanimously out of about 100 nominees. Norman H. Davis, president of the board of trustees of the foundation, said in announcing the award. The verdict was rendered in Boston on Nov. 5 by the jury of awards headed by Dr. Charles W. Eliot, president emeritus of Harvard University.

## AMBULANCE REMOVALS

SUFFERERS: Mrs. Gladys Thompson from 544 E. Second-st. to City hospital; Mrs. M. Lawrence from City hospital to 804 S. Main-st.; Mrs. A. L. Dempster from City hospital to 119 Dana-av.; Mrs. L. A. Beal from 784 S. Broadway to City hospital.

Mr. and Mrs. George H. Whitney, 130 Kentworth-av., announce the birth Thursday of a nine pound son. They have named the child William George.

## HISTORY OF WAR IN PICTURES

Army Has 100,000 Views of  
World Struggle

### PHOTOGRAPHS AVAILABLE

Sentiment Prompts Many Re-  
quests for Copies

WASHINGTON—(By Associated Press)—Although six years have elapsed since the termination of the World War, innumerable former service men, their relatives and friends make frequent requests on the war department for graphic records of the struggle. These are contained in the files of the photographic section of the signal corps of the army.

### ASK FOR NEWS

Often a mother, with but a slender clue to where her son was killed in combat, beseeches the signal corps section for a photograph of the scene of the engagement or incidents surrounding his life "over there." The chances for granting her request are at the best, for the army has stored away 100,000 photographs of the war. They are cross-indexed and readily accessible, and the pictures are sold at cost to those that desire them.

The original negatives of photographs and of motion pictures, several hundred that died within films are retained in fireproof

vaults at Washington barracks here. Only duplicates from these are utilized. The films are sent out and shown in different corps areas.

The work of preserving outstanding events in the life of the army by means of the camera is still going forward. Photographic laboratories are maintained in many corps areas and in Hawaii. Twenty-four enlisted men of the signal corps are assigned to photographic duties throughout the service.

### OLD WAR PICTURES

This plan of army activity had its inception in the work of a photographer, Brady, who made and collected photographs during the Civil War. This collection, totaling 4,000 plates, was later acquired by the war department and is now preserved by the signal corps.

MRS. SAMUEL HURSH, 69,  
DIES: FUNERAL FRIDAY

PELHAM—Mrs. Samuel Hursh, 69, died at her home on S. Washington St. at 8:30 a. m. Wednesday after a prolonged illness. Her death was a result of a combination of factors, one of which had been a stroke.

Mrs. Hursh was a member of the Presbyterian church and was a devoted member of the church. She was born in 1849 and was married to Samuel Hursh in 1868. They had four children, three of whom are now deceased.

Funeral services will be held at the home Friday afternoon and will be in charge of Rev. Deane of the Methodist church. Following the services the body will be taken to Highland cemetery for burial. Where interment will be made.

### DIES AT TELEPHONE

LONDON—Mrs. Ananda Cro-

gan, 80, had never spoken over a telephone. When she was led up to a phone in her wheel chair and heard the voice of her sister in the receiver, she suffered such a severe shock that she died within minutes.

## SEEKS MERCY

Negro Murderer Goes Calmly  
to Death Chair

COLUMBUS — (By Associated Press)—With the prayer "Lord, have mercy on my soul," on his lips, James Avant, 41, Youngstown negro, was electrocuted at the Ohio penitentiary at 1:07 this morning for the murder in Youngstown of Mrs. Elizabeth Stille, 32, who he killed with an iron bar.

Avant entered the death chamber with a firm step and a smile on his face. Asked by Warden P. E. Thomas if he had anything to say, Avant asked that he be permitted to pray, which was granted.

Avant spent the evening joking with his spiritual adviser, Mal. Walter Collins of the Volunteers

of America. Maj. Collins said Avant appeared to be in the best of spirits and was ready to die. Avant told newspaper men he had "made his peace and was ready for the death march." He declared he was not in Youngstown the night of the murder.

The negro ordered one of the most elaborate "last meals," according to Warden Thomas, known in the history of the penitentiary. It consisted of a rabbit, a chicken, a dozen frog legs, four pork chops, a quart of sweet milk, a quart of buttermilk, a gallon of lemonade, one dozen rolls, mashed potatoes, pie and one dollar's worth of cigars.

### SHIRNERS GATHER

SPRINGFIELD — More than 1,000 Shirners are expected to

gather in Springfield today for a ceremonial at Memorial Hall this afternoon and evening when approximately 100 names will be added to the roster of local Shirners who are attached to Antioch Temple of Dayton.

STANDS AS  
MEMORIALBears Name of War  
Time President

ENGINEERING FEAT

roy Rages Over Great  
Work of Power

NATION — (By Associated

Press) — America's war time is to have an enduring memorial in the form of a dam at Muscle Shoals, Ala., to be completed in the summer of 1925.

The object, deemed an engineering feat, is to be a concrete dam, 23 1/2 feet high, 1,000 feet long, and 18 feet wide at the base. It will be a two-stage lock for navigation, with a total lift of 33 feet, forming one of the features in connection with the project.

Surplus waters during flood periods in the river will be passed thru 55 steel flood control gates, each 28 feet long and 18 feet high. The dam or spillway section is 3,450 feet long, 55 feet high from the river bed, and is 195 feet thick at the base. Thirteen special spillways equipped with butterfly valves will pass surplus water during normal flow on the river.

**NAVIGABLE RIVER.**

Wilson Dam is officially known as "Dam Number Two," and is one of three projected in the Tennessee river at Muscle Shoals. Dam number one is a small navigating dam, not yet authorized, 18 miles below Wilson Dam, with an estimated cost of \$25,000,000.

After all proposed improvements are completed, engineers point out the Tennessee river will be navigable from the Ohio River to Knoxville Tenn.

The district thru which the river flows is rich in mineral timber and agricultural resources, declares Maj. Gen. Taylor and would be greatly benefited by adequate river transportation facilities.

**AL LAKE**

Dam will eventually create artificial lake, extending 18 miles, with an average

The principal objection to navigation on the river is the Muscle Shoals area, and completion of Wilson Dam will be the first great step towards opening that region to water development.

**CANADIANS TAKE TO PLANTING OF TREES**

WINNIPEG, Man. — Trees, at the rate of 20,000 a day have been planted by farmers of western Canada in the last 20 years, according to a report of the department of agriculture.

A total of 150,000,000 trees, the report shows, have been distributed free to farmers in that section since 1895. Early maturing varieties suited to climatic conditions were supplied.

The government's tree planting campaign was planned to transform the landscape of the prairie provinces.

**BOYS PREDOMINATE WITH OLDER MOTHERS**

DRESDEN, Germany — That the age of the mother has an important relation to the sex of the child is asserted by Doctor Fetscher of this city, who has made this topic the subject of special studies. He found that mothers up to 25 years gave birth to just as many boys as girls.

With the mothers between 25 and 30 years, the ratio of boys to girls was 111 to 100, while mothers of 35 and more gave birth to 124 boys and 100 girls.

The exact cause of the phenomenon of the sudden increase of boys born as compared to girls in the years after the war, has not yet been ascertained.

**WHITE FLOUR IS CONDEMNED**

Held Responsible for Decay of Teeth

LONDON — (By Associated Press) — Modern men have jaws that are too small, and white flour is responsible for this deformity, according to Sir Harry Baldwin who recently addressed the Medical Officers of Schools Associations on the necessity for the more general use of whole-wheat bread among growing children.

**CHILDREN UNDERNUTRISHED**

The speaker declared that the small jaw was widespread, and of comparatively recent origin. The removal of vitamins from flour, he continued, in order to produce white bread was a vicious practice which must be abolished. Otherwise children, especially the children of poor families which cannot afford a great variety of food, will continue to be undernourished.

Dr. C. Shelley said, at the same meeting, that in his opinion the use of the word "official" to describe the part of the wheat which is discarded in making white flour, has been responsible for the prejudice against flour which is not white. This unfortunate term used by millers has given rise to the opinion that

non-white flour is not clean.

**DECATY REDUCED**

Dr. G. Friend, medical officer at Christ's Hospital, Hoveham, said that in experiments in feeding boys on white bread, he had demonstrated that the use of whole-wheat bread reduced the decay of teeth by 50 per cent.

A baker, M. Carter, addressed the meeting and assured the doctors that bakers would be very happy to make whole-wheat bread, as it is much easier to prepare than white bread, but he said the public demands white bread, especially customers of the poorer classes.

**FUNERAL HELD**

COLUMBUS GROVE — Funeral services for John Becker, farmer, residing near Harrod, who sustained injuries of the spine last summer, were held Thursday at the United Brethren church in Columbus Grove. Interment was at Truro.

**JOINT MEETING**

KALIDA — A joint meeting of the Kalida Farm Bureau and the two local clubs of Kalida was held at the township house on Tuesday night. Prizes won by members of the club at the fair were given. A program was a feature. Schedule of work to be accomplished during the year was adopted.

## FIRE TRAPS ARE IMAGINARY

Scores of Complaints Filed Here Are Groundless

### SPIKE WORK EVIDENCED

Conditions Good Here, Mack Says After Probe

Following the receipt of numerous complaints against the safety of "fire traps" within the corporate limits, Fire Chief John Mack Friday announced that the hundreds of "fire traps" reported existing here are imaginary menaces conceived in many cases by persons who want drastic changes made just to satisfy their desires.

"Scores of these complaints are on file in my office," Mack said "and in almost every case, the complaint is a rigid investigation, and sometimes enlisted the aid of the state fire marshal, only to find that there was nothing to be done, should, or ought to do."

Mack asserted that whenever residents of a certain district are anxious to get rid of a building in their vicinity, they file a complaint at Central fire station that the building is a fire trap, or is unsightly or unsanitary.

"The building may be the best constructed place in the city, and yet people will complain about it simply because they do not want it in their neighborhood," the chief said.

**JUNK MAN CITED**  
For an example, Mack cited a junk dealer who lives within the city limits in a house which he cannot afford to paint and behind

which is a shack in which he has stored his junk, and which, tho it is not unsightly, is old, but well constructed.

Even tho fire should break out in one of the buildings, the structure is far enough away from any homes or other buildings in that district that there would be no danger whatever to them, Mack said.

In most cases where complaints are registered they come in the form of anonymous reports. But few of these are looked into unless the case is known to have some foundation to it. Whenever complaints are filed, a name should be given, fire officials say.

Mack requests that the practice of complaining of buildings be discontinued unless there is some concrete reason for enlisting the aid of the fire department.

There is no law that gives the right to order a building razed, the chief concluded. "Many people think I have only to order almost any building in town torn down and it will be removed."

**BANKERS AT CAPITAL**  
NEW YORK — The administrative committee of the American Bankers' association will hold its annual winter meeting in Washington, D. C., Dec. 11 and 12, it is announced by William E. Knox, president of the association. The meetings will take place at the New Willard Hotel.

For an example, Mack cited a junk dealer who lives within the city limits in a house which he cannot afford to paint and behind

PLANES TO  
TRAININGTypes Are To Be  
Developed

INGTON — (By Associated Press) — Six semi-rigid are now being built for service of the army, and during fiscal year will see more of other variations of the.

of the semi-rigid are of make, and three of the former are of 130,000 at capacity and the latest 100,000 cubic feet. The for training aircraft, is with one-man control the next step, after the in the training of lighter-than-air craft. nes the TC, short for costal, with its two-men calling for teamwork. the present arrangement develops the semi-rigid which have only a keel supporting framework. navy develops the rigid with both keel and ribs. anches work with a new which are exemplified by with neither frame-ports nor keel. w TA's are equipped horsepower motors, are long, and capable of 50 miles an hour. The a two 150 horsepower, are 195 feet long, and 65 miles an hour. aircraft acquired by the service include 25 Curtiss planes, six Douglas amphibious for land service, and 200 re-stock De Havilland the DH4B type.

IN TRAFFIC GROWS N — Freight traffic on government owned increased 12 per cent, in as compared with the of August. It was an-creased by the railroad. The increased due partly to the fall of agricultural produce, o attributable to improvement of the eco-nation in general.

## OPEN LETTERS

### To Santa Claus

Dear Old Friend: Since I have not written to you yet, I'll drop this note as a beginner. There probably will be others to follow before you make your annual visit. But the first thing I can think of that I want just now is a taxicab so I can run across "stop" signs, exceed the speed limit, cut around other machines, park where I want and carry enough lights to blind a regiment.

LIMA BEANE

### To Motorists

Non-Dimmers: Chief T. A. Lanker has struck at the root of automobile accidents in Lima when he orders strict compliance with the city and state code requiring the elimination of bright lights when two automobiles are passing each other.

If this law is obeyed strictly by every motorist there will be an immediate decrease in the number of accidents. Bright lights in most cases cause glare and it is the glare rather than the light that makes it impossible for the other motorist to see.

It is to be hoped that the police department sees to it that you who fail to dim face court and get the maximum penalty provided by law.

LIMA BEANE

### To Religious Surveyors

Census Takers: At last, perhaps, we will be able to discover just what the real population of our city is. The federal government makes one estimate, real estate dealers and builders make another, the Board of Commerce have their ideas and the post-office officials make their estimate. None agree as to the number nearest correct.

Lima is a manufacturing city and a strategic railway center. When times are good its population jumps by leaps and bounds and in times of industrial depression there is a certain amount of shrinkage. This makes variations in population.

If one has any doubt regarding the number of people in Lima now he should try to get into the better class of apartment houses or buy a house in the more preferred locations. It can't be done. This is the best way to judge the true population of a city. The floaters don't count.

LIMA BEANE

### To Parents

Dear Friends: During the last snow I expected a number of my children to be killed because of the practice of playing in the streets with their sleds. I saw groups of them everywhere ducking and dodging about among automobiles. Don't you think this is too great a risk? I want the youngsters to have a good time, but not at the expense of their lives.

LIMA BEANE

### To Shoppers

Friends: How much Christmas shopping have you done? I know some folk who have done most of theirs. It's not a bit too early.

LIMA BEANE

### To President Coolidge

Dear Cal: I was impressed by the economy you showed in going to Chicago as a regular Pullman passenger rather than in

a special car, thereby saving \$1,700. Get the rest of the boys working along this line in the interest of the taxpayers.

LIMA BEANE

### To Ohio County Auditors

Gentlemen: I note that you favor a tax on gasoline. That's one place where we disagree. And at your meeting, just over, you didn't overlook the matter of salary for yourselves. One thing you proposed that I am heartily in favor of is a distribution of taxes on bus lines to counties thru which the lines operate instead of to the county in which the main office of the line is located.

Bus business will be a proposition with which to reckon for the next several years and your proposal to prorate the taxes is a logical beginning.

LIMA BEANE

### To Safe Owners

Friends: Since yeggs are becoming so familiar in our city, none of you knows when your safe will be cracked. Many of you keep strong boxes more for protection from fire than from theft. I know of several establishments that never lock their safes since they contain only records. Many of them bear a sign, intended for the information of cracksmen, that they are not locked. This might save your property.

LIMA BEANE

### To Lima Firemen

Barnyard Golfers: Alas and alack, your outdoors course is to be a thing of the past. No longer will the lot across from the station in W. High-st be the scene of spirited horseshoe pitching battles during the warm days of summer. Sport must play second fiddle to commercial progress in the development of a city. That's business. I hope you can get another place for your games.

LIMA BEANE

### To Frank Bentz

Booster: Congratulations on your election as president of the Lima Realtors' association. Your organization has done much to aid in the development of the real estate business in Lima and I know that great strides forward will be made during the coming year. The plan to band together the real estate dealers in cities adjacent to Lima is a good movement that will bear fruit in years to come.

LIMA BEANE

### To Toujour Prete Club

Y. W. C. A. Girls: May I congratulate you on your decision to take 50 youngsters under your care and provide them with clothing and a Christmas party. This is the real holiday spirit and I know citizens of my city will be glad to provide you with plenty of old clothing in order that you can remodel it for the comfort of needy children. Your organization has the right idea.

LIMA BEANE

### To Robert Stolzenbach

Broadcaster: Reports from Wittenberg university at Springfield show that you are one of the tireless workers helping put the university radio station, WNAP, before the many listeners. You are proving a good representative from our city and are helping make your college better known.

LIMA BEANE

## 'ROUND LIMA HOUR BY HOUR

BY OH. OH. JACKENRIM

A Page from the Diary of an Antiquated Reporter. Very early up, having slept with a pocket clock, under my pillow. Do find by rising early and taking to bed late you get better run against the interest charges.

Down the paves of the avenue.

### ABE MARTIN

Sen. Magnus Johnson in now without a photographer. Some police are going to interfere with a promised beer king, or a girl's gunman by mistake, as the story goes.

(Copyright, 1921)

meeting Mrs. Roberta Brotherton Young, to whom gave gracious greeting. At the shop, found in the public prints, strange as it may seem, that President Coolidge will go to Chicago in a lower or upper. Instead of by special locomotive, and baggage car. All the morning hard at my stint, until my banker called me to come over. There met Walter Scott, the eminent court stenographic expert, however, putting in, while I was in discourse with the manager, be times.

Out and around in the melting, beautiful, saluting Charlie Block, the contractor, and Melvin Light, the noble barrister. Kentucky having passed an anti-gossiping law, wasn't it anti-social that the first person arrested and convicted, was Mrs. Maud Basham, aged forty. Identically a woman.

Lunched, Dec. all wrong, on creamed turkey in chafing dish, with a pumpkin pie for the sweet. Thither out, to rain, which is also on at the Faurot, beltimes. Speaking in Piping Rock language, Heywood Brown, remarks about a new play, "I should rank it as a poetic drama belonging well up in the second flight." And what Heywood means, the Lord must know, I don't.

In the late afternoon, with my wife, poor wretch, to Herb Thomas' studio, where he took a few pictures. Then later with her to Prof. Bishop's private hirsute laboratories, both visits being very satisfactory. Afterwards, still with her, to Jack's steak house, for a cream cheese sandwich, and cup of tea, setting me back near four shillings and six. Without further debate, put her aboard a west bound tram, and so home.

In the evening, to a so-called golf dinner, given by Colt and McLaughlin, at Baker's Place. Many men of import about the long tables, but saw none whom I could beat, except the chivalrous Frank Banta.

Also there, President Bushnell, of the Buckeye Pipe Line, and Manager Green, too of that great underground transportation line system. The speeches, were terse, soggy and lacking pep. Largely due to straight Loganberry and orange juice. Neither alone, a good tutor for either oratory or song. The musical honors were captured on the piano forte by Dr. Creps, the luterate golfer. Now booking games for February at Palm Beach.

So, rather late, home, and forthwith, into the sheets.

By DR. WILLIAM BRADY

### EVOLUTIONARY CONGESTION

In our argument about piles the other day, it is possible you may recall if you're a sufferer, we closed with an allusion to the upright posture as a predisposing cause. For my part I always prefer to finish an argument before it becomes a quarrel. For that matter if there were any further argument the quarrel would not occur, would it? If you will permit me to mention only a few of the ills and defects which are due primarily to man's present more or less upright posture, I am sure we shall not quarrel. Hemorrhoids (rupture, breach), ptosis, round shoulders, scoliosis (spinal curvature), flat feet, many cases of backache, sciatica, many cases of so-called indigestion, displacement, the blues, varicose veins, varicocele and piles. Do you remember the experiment on the rabbits?

The tame rabbit succumbed after 12 hours in the erect attitude, but the wild rabbit endured this attitude for three days. The tame rabbit was of course on the same evolutionary plane as the wild rabbit, but the wild one had better physical training, and so it took longer to bleed him to death into his own splanchnic pool (the vast network of blood vessels in the abdomen and lower part of the chest).

The tame rabbit was more dignified than the wild one. He didn't have to exert himself very much to get good feed. He didn't run around or walk much. He was a sedentary individual. Now please don't be mad if you think I am comparing you with a rabbit. I had rather make you wild.

Those whose occupation requires prolonged sitting are likely to develop hemorrhoids particularly when the sitting posture is that of fatigue, as it is in most cases. Sitting in an erect posture is not a contributing factor of varicosities of the veins. The harmful part is the slump that comes with fatigue. Few persons can maintain an erect sitting posture for hours without relaxing and slumping and sliding down in seat or chair. A fair physical training is necessary to maintain an erect sitting posture—the chin in, chest up, back straight, belly not drawn in yet not relaxed.

When your chin slips forward and your head tips back, your chest slumps in and your belly relaxes you are practically having a hemorrhage into your own splanchnic pool. A lot of blood which should be in circulation collects in the great network of veins in the abdomen—the cavity behind the belly, correctly speaking—and in the lower part of the chest cavity. You can pump it back into your general circulation again by deliberately bracing yourself, assuming a vigorously erect posture, even as you sit at work. Don't get nutty about this, but no harm comes from a habit of bracing yourself in this way every hour by the clock, wherever you may be and whatever you may be doing.

When you have one of those bloodless hemorrhages I just described there is an associated congestion in the veins generally, and the veins without valves particularly. That makes it bad for the hemorrhoidal veins. That is the main reason why sedentary folk are more subject to piles than folk who get a reasonable amount of exercise every day. I call this

## SAYS SANTA TO SANTA

## JUST FOLKS

By EDGAR A. GUNST

### HIS DAUGHTER

He has a daughter young and fair  
Who runs her fingers thru his hair,  
Strokes with a gentle hand his cheek  
And bends into his ear to speak;  
Then whispers low—"well, can't you guess?"  
Something about another dress.

Again she lies across his knee,  
Affectionate as love can be,  
Hears his great heart beat, soft and low,  
And whispers: "Dad, I love you so!"  
So good, and brave, and wise you are!  
I'm really like to own a car."

When he comes weary from the town,  
Sometimes she brings his slippers down,  
Draws up his footstool and his chair,  
And makes him comfortable there,  
Then whispers words to him not strange:  
"Dear dad, I need some extra change."

A daughter's love! Oh, gift divine!  
Two lovely arms that gently twine  
About his neck, two hands that play  
And brush the stains of care away;  
Brown, innocent and lustrous eyes  
That flirt with dad, so old and wise.

Artful and cunning. Aye, 'tis true,  
Deceitful work for love to do;  
Yet just as artful is the dad  
Who spends his years to make her glad.  
He gratifies her slightest whim  
And lets her think she's fooling him.

## Danger Signals of High Blood Pressure

"They really hit home, pain in the back, headache, dizziness, and nervousness usually indicate high blood pressure, warns physicians who found that there are symptoms which show an accumulation of poisonous waste matter in the system or that one of more of your organs has weakened, and caused the heart to be overtaxed. Check it at once for it is known high blood pressure brings on hardening of the arteries, stroke, Bright's disease, and other sudden death.

Measure a person's pulse regularly, and a physician's prescription, reduces blood pressure to normal, it is regarded as a great medical discovery. Ask for Merck's Blood Pressure.

For sale by Hunter's Drug Stores and Enterprise Drug Store.

LEONARD P. EUMAN

New Lexington, Ohio.—"I have used Dr. Pierce's Golden Medical Discovery for a long time and find it is a very good medicine for rundown conditions and to throw off poisons from the system. For several years I have been troubled with a nervous trouble and have suffered a great deal with indigestion, and I find that the 'Golden Medical Discovery' is a splendid medicine for these ailments. I recommend it to everyone suffering from 'nerves' or stomach distress, or to anyone who needs to have the blood built up."—Leonard P. Euman, 214 High St.

Health is your most valuable asset. Obtain Dr. Pierce's Golden Medical Discovery now, in liquid or tablets, from your neighborhood druggist, or send 10c to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial pkg. Dr. Pierce will give you medical advice free, too.

# FUR WRAPS POPULAR

Wind of Autumn  
ring Latest Styles

(By Associated Press) — Autumn's first chill  
sought out the winter furs  
1935 season.  
Fur was a trim-  
something women wore be-  
was fashionable, but at  
recently they had be-  
essential part of dress  
re put on for warmth.

skunk, worn by one of  
Jels, was the sensation of  
Paris had never seen  
coat before. Usually  
skin as prepared by Paris  
and worn by Parisiennes  
brownish color, the regu-  
lating by the fur ex-  
This seal had undergone  
information since its cap-  
the banks of Newfound-  
Bering Sea. It was grey,  
tiny, in spots shading  
ry to white, the seal in its  
state.

By some unusual pro-  
the furrier a golden cat  
given to the fur, which  
to be very popular. Fox  
skunk, badger, skunk and  
also were shown.

is the chosen fur for  
wraps when chinchilla is  
for theatre cloaks and  
stone martin, sable and  
being used for scarves,  
wide and long.

## Kellogg's Bran delights father by bringing health to children

Four little kids—they would keep  
body. But they wouldn't eat cereals  
any more. They didn't like them.  
Then their father  
Kellogg's Bran, cooked and  
baked. What a difference! He  
told the story in his letter:

"I wish to express my appreciation  
of your bran flakes, which I have  
used for my children this winter.  
We had a great deal of trouble with  
them through colds and coughs and  
had been the most satisfactory remedy  
but they could not be induced to  
take the old cereal. . . . because  
they disliked them so. They only the  
bran flakes and cereal. It is an  
essential part of their diet.  
No one who children have not been  
troubled in this way can appreciate  
the value of this food. Having their  
health now restored."

The object of this letter is to the  
Kellogg Company, Battle Creek, Mich.)

Constipation is a dangerous disease.  
It should not be neglected. But do  
not let any laxative measure in seeking  
relief. Kellogg's Bran is ALL bran.  
And it takes ALL bran to be 100%  
effective. Kellogg's Bran is guaran-  
teed to bring permanent relief, if  
taken regularly, in the most chronic  
cases. If it fails, your grocer will re-  
turn your money.

Eat two tablespoons daily—in  
cereal cases, with every meal. Eat  
it with milk or cream. The flavor is  
delicious. Sprinkle it on other cereals.  
Cook it with hot cereals. Try it in the  
recipes on every package. It will bring  
you health. Begin eating it today.  
Made in Battle Creek. Sold by all  
grocers.

## CURTIN HOME SCENE OF PARTY

The Emmett Robert Curtin Sr., some, 931 W. Market-st., will be the scene of an unusually lovely affair Friday, when Mrs. Emmett Robert Curtin Jr. will entertain with a tea from 3 to 6 o'clock, as a compliment to her sister-in-law, Mrs. Harry Wright Jr., and Miss Violet Bradley, bride-elect of Calvin F. Selfridge. Receiving with the hostess and honor guests will be Mrs. Harry Wright Jr., and Mrs. J. A. Tapp, Lexington, Ky., mother of Mrs. Harry Wright Jr.

Artistically arranged baskets of roses, violets and chrysanthemums, in varied hues, will add to the attractiveness of the beautiful Curtin home. In the dining room, where Mrs. W. C. Bradley and Mrs. O. B. Selfridge will pour, a large bowl of pink roses and a centerpiece of the valley will center the tea table. At either side will be pink candles in crystal holders.

Mrs. Curtin will be assisted by Mrs. Wallace H. King, Mrs. Chester M. Cable, Mrs. George Macdonell, Mrs. Leroy S. Galvin, Mrs. T. D. McLaughlin, Mrs. J. Allan Brady, Mrs. Frank Mitchell, Mrs. Mark Kotler, Mrs. Fred M. Gooding, Miss Anna Bradley, Mrs. Holmes Mackenzie, Mrs. T. R. Schoonover, Mrs. D. D. Jones and Mrs. George Vail.

Out of town guests will include: Mrs. Lester Thomas, Chicago, Mrs. Harry L. Gayer, Cincinnati, Misses Gertrude Jones and Helen Ruckelsh, Findlay, Mrs. C. C. Swift, Mrs. Burr Finnell, Kenton and Mrs. L. A. Tapp, Lexington, Ky.

Mrs. Frank Graham, 590 W. McKibben-st., was tendered a surprise at her home Thursday by the members of the Ladies' Auxiliary of B. & O. veterans, celebrating her birthday anniversary. As 1 o'clock a delicious luncheon was enjoyed. Plans were made for a dinner to be held Dec. 17 at the Odd Fellows Hall, at which the auxiliary will be guests.

Those present were: Mrs. Patrick Finn, Mrs. J. H. Shelley, Mrs. Mat Clancy, Mrs. Patrick Conley, Mrs. Joe Heffner, Mrs. Fred Wagner, Mrs. William Overholtz, Mrs. Isaac Brewer, Mrs. Jerome Standish, Mrs. Charles Jennings, Mrs. William Schultz, Mrs. Will Harvey, Mrs. John Schnabel, Mrs. George Sircoulomb and Mrs. O. L. Wallburg.

Broadway-av. have returned from a visit with friends and relatives in the East.

## SUSIE SMART'S ADVICE

**SUSIE FOR FRIDAY**  
Dear Miss Smart:  
What am I to do? I am in love with a man and engaged to another. This man I am in love with tells me that he is in love with me and I am nearly 19 and expect to be married in the winter. Now I don't know what to do. I am thinking of him and I feel that I care enough for my fiancé to not hurt him.

**VORRIED AND BLUE.**  
This is a problem that each girl must solve for herself. If you can't determine which one you love, there is no one who can do so for you. You ought to give your fiancé a chance to help you make up your mind. Talk it over with him and I am sure he will willingly free you, if you feel that you cannot marry him. He may even be willing to wait until you have fully made up your mind.

**Dear Miss Smart:**  
Some time ago a friend of mine asked me to his home. I went and met his sister. That afternoon her sister, cousin, and I went for a drive in her car. We went over to his house quite often since. It seems now that she wants me to marry her for a date. How can I ask her for a date? I feel the courage to ask her but I don't know how to make more dates for her? I am growing more and more fond of her. Will you give me an idea of how I can cure myself of this bashfulness.

**BASIL H. HALLIDAY.**  
The very fact that you know she wants a date with you ought to give you the required encouragement. Take your courage in both hands and just plunge in and ask her. You'll find that if she really wants to go out with you she will meet you half way.

**Dear Miss Smart:**  
I am a married woman of 11. I am married to a man I adore. He runs around with disreputable men and flappers. I will admit that my reputation was not spotless before we married but I have led a good life for our baby's sake. When I reproached a girl for going with my husband I told her that she was a man would want to marry her. She replied that she had all the men she wanted and she was not married. I said I could get any money out of him because he spends it on other girls. He brought me a beautiful fur coat, while I have a shabby cloth one. If he is this way now what will he be when I have a child and I have two beautiful children and have won two beauty contests. I would at least have companionship and money, which I don't have now. There is no profit in being good for a husband who does not care.

**Can you see no profit in being good for your little innocent, blameless baby or for yourself, if not for him? I admit that many men see no charm in their wives and live up to the saying that one is never satisfied with what they have and never get what they want. But I believe that not many hands are the exception and not the rule. However, that makes the path no easier for the wife who is married by one of the exceptions. I'll admit, it's a hard question to settle, but I believe if I were you I would endure it for the sake of the child.**

## SOCIAL CALENDAR

**FRIDAY EVENING**  
T. and T. club, dinner, Lima Club, Judge and Mrs. Kent W. Tapp.  
Lima Practical Psychology club, Public Library.  
Dinner club, Hotel Barr, 6 o'clock, dinner, Mr. and Mrs. Martin M. Sealts.  
Music, Central high school auditorium.  
N. O. O. club, Mrs. G. A. Skinner.  
May Martha class of the Grace M. E. church, Mrs. Harold Verbyke.

**SATURDAY**  
Daughters of American Revolution, Mrs. Alice M. Haffey Hill, afternoon.  
Home guards of Trinity church, church services, afternoon.  
Add-a-Sitch benefit bridge, Mrs. Thoburn Bowdle, postponed.

Leo Ornstein, pianist-composer, appearing Friday afternoon at 4 o'clock at the Central high school auditorium under the auspices of the Lima Piano Teachers' association, is one of the most brilliant pianists before the public. He is undoubtedly an artist of very rare attainment and his playing is so extremely personal that it is almost impossible to regard his performance as a mere exhibition of piano playing, because each number seems to express a story in itself.

Mr. Ornstein is a Russian by birth, and has not only studied in Petrograd but with Mrs. Thomas Tapp at the New York Institute of Musical Art. He is now connected with a well known musical institute in Philadelphia.

One of the most interesting numbers to be given this afternoon will be one of his own compositions, "Impressions of Chinatown." He does not attempt to imitate Chinese music in this number, but rather represents his impressions of a trip thru Chinatown in San Francisco.

His program will include interesting numbers from Schumann, Schubert, Debussy, Chopin, Liszt and a number of other famous composers.

Mr. and Mrs. M. M. Sealts, 1440 W. Market-st., are entertaining the members of the Dinner Club at the Barr Hotel with a 6 o'clock dinner Friday evening. The Yuletide colors will predominate in the appointments and centering the table will be a platter basket filled with red roses. Following the dinner bridge will be enjoyed at the Sealts home.

Gifts will be laid for: Mr. and Mrs. M. P. Colt, Mr. and Mrs. Earl Sealts, Dr. and Mrs. J. H. Poling, Dr. and Mrs. E. J. Curtis, Mr. and Mrs. Leonard Schnabel, Mr. and Mrs. B. F. Thomas, Mr. and Mrs. Frank Moke, Mr. and Mrs. Harry O. Bentley, Mr. and Mrs. Fred C. Beam, Dr. and Mrs. A. H. Creps, Dr. and Mrs. Oliver Steiner, Dr. and Mrs. Frank Steiner, and Mr. and Mrs. Sealts.

Oldest Widow  
Seeks Mate

TIPPERARY, IRE — Mrs. Doty Pannick, who was a debutante when Victoria became Queen of England in 1837, is on the look-out for a husband. She is 106 years old and still going strong. Having just recovered from a period of illness, she says she wants someone to provide for her for the rest of her days.

PALESTINE ATTRACTIONS  
DRAW YOUNG SETTLERS

JERUSALEM — The policy of the government seems to be to open wider the door of the country to desirable immigrants, and as a result during the month of August about 2,000 were admitted. These were mostly Jews from southeastern Europe, Poland, Russia, Rumanian and Checoslovakia. Of this number 350 were people of independent means and 453 had a prospect of definite employment.

These immigrants are mostly young people, well set-up, and will doubtless be a great asset to the economic welfare of the country.

SWEDEN TAKES  
NO CHANCESCareless Car Drivers Are Not  
Tolerated

STOCKHOLM, — (By Associated Press) — The extraordinary strictness of government control of commercial automobile traffic, including motor trucks, motor buses, and jitneys, is revealed by a report from a supervisor of public roads in the province of Stockholm.

The supervision applies to the condition and equipment of the car, its operation, the personal responsibility of the driver, and regularity in the conduct of business. Inspection of cars takes place four times a year and without warning. Cars are even stopped in the middle of the road, and inspectors take the wheels in order to test steering gear and brakes. At the same time the lights also are inspected.

There is constant checking of speed, the size of loads, wheel pressure, the conformity to published schedules of tris, and the general order and neatness of the cars. Every passenger must be provided with a ticket, and

even this is subject to inspection in order to avoid counterfeits. The driver must not only be sober and provided with licenses and traffic permits, but must also exhibit surety papers or guarantees that any fines or damages assessed on the car can actually be collected.

SAILORS STEP LIVELY  
TO WOMAN'S ORDERS

LONDON — When the Russian ship Tovarich sailed from Port Talbot, Glamorganshire, recently, a woman captain, known as Comrad Dialchenki, stood on the quarter-deck in command of a crew of 50 men.

The organized captain of the Tovarich was released from prison in Russia to navigate the vessel. When it arrived at Port Talbot he disappeared, and all efforts on the part of Soviet agents to find him failed. Friends said he knew he would be forced to return to prison immediately upon his arrival in Russia, and that he seized the first opportunity to escape.

SELL HISTORIC PLANE BELGRADE — It is reported from Budapest that the Hungarian authorities are about to sell by auction the airplane which the Emperor Charles used on his famous flight from Switzerland to Hungary, three years ago, in order to claim the throne of Hungary. The amount realized from this sale will be sent to the ex-Empress Zita in her exile at Lequeito.

When you see these dresses —when you examine their workmanship and finish, you will stop to wonder how we can possibly offer them for such very small sums as \$28 and \$38. Let nothing deter you from visiting this sale

## MUSCLE SHOALS STORE HOUSE

Building of Dam Will Stop  
Research

MANY RELICS ARE FOUND

Traces of an Earlier Race Are  
Uncovered

WASHINGTON — (By Associated Press)—The opening of the big Wilson dam at Muscle Shoals during 1925 will blot out a laboratory of science.

Under the direction of Dr. J. Walter Fewkes, chief of the bureau of American Ethnology, Gerard Fewkes, a trained scientific worker, has been exploring Indian mounds at Muscle Shoals that will be covered with water when the big Wilson dam is put into commission. The relics which Fewkes found are being packed up to be sent to the institution for study. Just what Indian tribe they belonged to, remains to be determined.

### EXPLORE MOUNDS

The Tennessee Valley Historical society invited Dr. Fewkes to have the mounds explored and he sent Fewkes to excavate them at the mouth of Town Creek, Colbert Co., Alabama, some two months ago. Dr. Fewkes also made a trip to the point recently and brought back with him to Washington some of the scientific finds. They include copper ornaments, beads and a species of bracelet, showing, Dr. Fewkes said, that the Indians to whom they belonged prized that metal highly.

Mr. Fewkes took two representative mounds and found that one was a mound of mussel shells and the other a burial mound. The countless shells of mussels, which the Indians apparently took from the Tennessee river, are remains of their feasts. With a variation in the spelling Dr. Fewkes explained, the fresh water mussels in that river gave their name to Muscle Shoals.

### DEBRIS FOUND

The debris usually found in an Indian village was encountered in the mussel mound, interspersed

with flint heads, knives, fragments of pottery and stone used in cooking. Barbecue holes for cooking animals were located. Fewkes, in a report recently submitted to Dr. Fewkes, said many skeletons were unearthed, often with big stones weighing 20 to 35 pounds placed upon them. On account of the cotton cultivation he was unable to give the exact height of the mound, but estimated it at nine feet. Traces of a village and of fire used to cook the mussels were found in the vicinity.

# ELKS MEMORIAL TO BE HELD

Services for Departed Members Scheduled for Sunday

Annual memorial service of the Lima Lodge, No. 54, B. P. O. E., will be held at 3:30 p. m. Sunday in the Elks' auditorium, corner North and Elizabeth-sts. Frank A. Hitchcock, secretary and E. G. Christen, exalted ruler, announce.

Lewis L. Guarnieri, past exalted ruler of the Warren Ohio lodge, president of one Warren back and director of several others and one of the foremost workers in social and welfare work in his city, will deliver the principal address.

The program also includes music by the Elks' Male Chorus of 45 voices with Fred Calver directing. P. C. Baird is organist. The Lima Orchestra club also will give several selections, including "Walther's Prize Song," by Wagner, and "Cavalleria Rusticana" by Mascagni. Charles Curtis is director of the orchestra club and Mrs. Harry Macdonnell pianist.

Memorial services Sunday will commemorate the passing this year of nine members of the lodge. The services are open to the public and all are cordially invited to attend.

## TEAMSTERS PARTIAL TO MULES FROM AMERICA

BERLIN — American army mules have become quite a common sight in the Berlin streets. Most of these animals came over originally with the American troops which landed in France in 1918, did their part in the war, and reached Germany thru the Rhineland after the occupation forces were departed for home. Local truck drivers have found that the mule does more work on less food than the horse, and therefore is much more economical.

# TRIAL OF PERIN IS BEGUN

Man Faces Charge of Slaying Wife's Mother

CINCINNATI—(By Associated Press)—Vinton Perin, Norwood grain merchant, was placed on trial today, charged with first degree murder of his mother-in-law, Mrs. Frances D. Rawson, 77, widow of a former Cincinnati packer, last Sept. 26.

Several court days were taken up in the impaneling of a jury. It being necessary to summon the fourth venire of prospective jurors before the box was filled.

As soon as the jury had been sworn in, and without making the opening statements, both sides agreed to have the jurors visit the scene of the slaying at once. Mrs. Rawson was shot and killed in her Clifton home, it being charged that Perin fired two bullets into her body after being refused funds to finance a new grain business at Indianapolis.

Questions put to prospective jurors indicated that emotional insanity would be the basis of the defense.

# HEFTY VERBAL SWING AT JOHNSON ENDS LEAGUE MEET

## Severing Of Relations Between Certain Big Ten Conference Schools Current Gossip

### Landis Gets Big End Of Praise

HARTFORD, Conn. — (By Associated Press) — Their challenge flung at Bryon Bancroft Johnson, president of the American League, as result of his alleged charges of gambling in the Pacific Coast League, delegates to the annual convention of the National Association of Professional Baseball Leagues have deserted the Connecticut capital, many to attend the major league sessions in New York next week.

Before they dispersed to gather again in 1925 at Catalina Island, off the coast of California, the delegates, many of whom were whole-hearted confidence in the administration of Commissioner Kenesaw Mountain Landis, condemning "the attempts of any or all who seek by embarrassment, guerrilla tactics or otherwise to needlessly increase the complexity of the office and add to the troubles of baseball, which is very near and dear to the hearts of all of us."

The resolution in regard to Johnson demanded that he state whether or not he gave any interviews charging that conditions in the Pacific Coast League "are rotten and open gambling on baseball for high stakes in violation of the knowledge and approval of the club officials of the circuit."

If such statements were made, the minor league resolutions asks that he prove his charges before the commission on baseball "not by innuendo, insinuation, hearsay and gossip, but by sworn statements of reputable persons."

### JOHNSON CONDEMNED

HARTFORD, Conn. — (By United Press) — With a hefty verbal swing at the jaw of Ban Johnson and a long pole of the back of Commissioner Landis, the annual meeting of the Minor League clubs ended here last night.

Resolutions were passed denouncing the American league president for casting suspicion on the integrity of baseball and for antagonizing Commissioner Landis. Another resolution made it clear that on any issue involving a contest between Landis and Johnson that the minor leagues were united behind the commissioner.

The association demanded that Johnson be called before the commissioner to substantiate his charges that gambling was prevalent in the Pacific Coast league and that if he couldn't prove his charges that he be forced to withdraw them.

The attack on Johnson was a surprising development of what was otherwise a dull day of routine business. Most of the amendments that were proposed were passed over with the suggestion that it would be well to wait and learn what action will be taken at their meeting next week.

A number of deals were made before the delegates packed up and started for their homes.

Cleveland sold Frank Ellerbe, third baseman, to Kansas City. Washington sold Taylor, a third baseman, and Lester, an outfielder, to Memphis. Detroit sold two pitchers, Gibson and Smith, to Toronto. Oakland sold Duster Mails, former Cleveland pitcher, to the St. Louis Cardinals, and Jersey City sold Lucey, a pitcher, to the Boston Red Sox.

The deals which sent Mails to the Cards was said to involve five players that are to be sent to the coast. Their names were not made known. It is the third time that Mails has been in the major leagues. Several clubs were after him.

Reading sold Tuero, former major league pitcher, to Mobile and sent Ormond, an outfielder, to Beaumont. Reading bought Hyman, a pitcher, from New Haven.

NEW YORK — (By Associated Press) — Statements by Manager McGraw of the Giants and Huggins of the Yankees, on their return from Europe and Hartford, respectively, indicate that Bill Terry will remain a Giant for another year at least and that Urban Shocker will not wear the uniform of the Yankees next season.

McGraw said that Cincinnati or any other club would have to offer something "pretty good" to land Terry and that a suitable trade was not in sight. At the same time he called attention to his claim that the Giants comprise the youngest team in the major leagues.

### RIGHT HANDER UNDER HEART IS M'TIGUE'S ACE

McTigue holds the world light

heavyweight championship. He won it in Dublin on St. Patrick's day fighting against a black man "That explains everything," sneered McTigue's critics. McTigue had not held in high esteem as a fighting man by the boys who write pieces for the press.

The Irishman has been indicted on all counts, ranging from cowardice to rank inefficiency. The truth is he is a pretty fair fighter. But McTigue is not a light heavyweight. Actually he is a middleweight. I saw him on the scales at White Sulphur Springs last summer and he weighed exactly 144 1/2 pounds. McTigue can make the middle-

weight limit easier than Harry Greb, the man who holds the title. But about Mike's first fight and the discovery of his most dependable punch. He hadn't been over from Ireland very long and was working in a packing plant. His triple-coated brogue was the subject of much broad ridicule among his fellow workers, most of whom were Italians.

"Aw take that cabbage out of your mouth and talk United States," snapped one Joseph Marino, an ex-prizefighter by record and a tough-looking mug by sight. BEST PUNCH A fight started. McTigue had

no cabbage in his mouth. It was a hunk of plug cut, and of a very high order. If you must know, McTigue was knocked down twice. Upon arising McTigue leashed out with a straight right hand to the heart and Marino dropped. It was some minutes before he got up.

"That fight cost me my job," relates McTigue. "I joined a gymnasium. George McFadden was the instructor. He taught me two punches, a straight left and a light under the heart. I was amazed to find that I used the heart punch naturally, just as McFadden taught it." The heart punch has been Mc-

Tigue's ace in most of his fights, and he has been in more than a hundred. He stopped Johnny Bashman, George Robinson, Gene Brasso and Battling Ortega, all tough boys, with the right-hand punches under the tucker, and he bounced Battling Siki on the canvas once with it in Dublin.

"Jack Britton tells me a right under the heart is the most damaging blow a boxer can land," says McTigue. "I deliver the punch when going into a clinch. Most boxers fall into a clinch without hitting. They use it for a rest. I make it my best punch." McTigue is married, 32 years

old and has three children, all girls. He is an example of what perseverance yoked with limited ability will do. Regardless of what the critics may think of him he is the world light heavyweight champion — and no one is going to take it away from him until he gets ready to defend the crown.

McTigue has a bank roll of about \$75,000. It will take at least \$50,000 to lure him into a decision fight for the title. Meanwhile he will pick up many stray purses ranging from \$2,000 to \$10,000. Before he quits he will have at least \$150,000. And that's pretty important dough for a "ham."

### Looks Like Break In Schedule

CHICAGO — Possibilities of protests from teams of the Western Conference who have no interconference football games contemplated for next year loomed today as coaches, athletic directors and faculty representatives opened a two day schedule conference.

Because of games with outside teams, several Big Ten schools may drop conference opponents, above the required four Big Ten games. Reports of possible breaks between certain schools were current.

Four conference schools and probably a fifth have scheduled interconference games. Michigan will engage the Navy, Chicago will meet Dartmouth and Penn. Illinois also will play Penn. Columbia and Ohio State will clash. Wisconsin also may schedule Dartmouth, reports said.

Michigan may be left off the Chicago schedule, according to Director A. A. Stagg. The 1924 Big Ten champion, in addition to the two eastern teams, expects to keep its traditional engagements with Illinois, Northwestern and Wisconsin, making impossible for the Maroons to engage another team as powerful as the Wolverines are likely to be.

Minnesota, which upset Illinois' 1924 title aspirations, may be left off the Illinois schedule because of the Penn game, although injury of "Red" Grange, Illinois' famous halfback, in the Minnesota game, also might be the reason, according to unconfirmed reports from Urbana.

Today's program consisted of a meeting of the athletic directors with Major John L. Griffith, conference athletic commissioner. Recommendations to increase preliminary practice basketball games and awarding of the conference outdoor and indoor track and field championships were before the directors.

Wrestling and swimming coaches considered dual best schedules today. Baseball, track and field mentors will arrange their programs tomorrow.

### A MATTER OF FACT

Being a Criticism of the Just and the Unjust in the World of Professional and Amateur Sports

BY HARRY BRADBURY

Baseball to the American mind is the greatest of all sports. The lamented A. G. Spalding said it was the greatest sport the world has ever known. He further said that "baseball elevates and it fits the American character. The emotional and moral as well as the physical side of a man's nature is brought into play by baseball. I know of no other medium which as completely joins the physical, moral, mental, emotional and the moral side of a man's composite being into a complete and homogeneous whole. And there is nothing better calculated than baseball to give a growing boy self-poise and self-reliance, confidence, inoffensive and endro proper aggressiveness, general manliness. Baseball is a man-maker."

Spalding's words bring thoughts of the mighty progress of the game, and how it has prospered in the last half century. But in making it the greatest American sport, it is not well to forget what officials and players did in the early days of the game, and

### FORMATION OF THE AMERICAN LEAGUE

It was Ban Johnson, formerly a Cincinnati newspaper man that organized the American league, back in 1900. It is interesting to note what A. G. Spalding thought of him. "He is big enough and broad enough to extend his aid in ridding the game of Freedmanism—the most despised human ever connected officially with the game (he owned the New York Giants about this time). "A smaller minded man than Johnson," said Spalding, "would have seen an opportunity to twist the knife blade . . . but Johnson was not that kind of a man, and have appreciated his unselfish, patriotic efforts to preserve the integrity of the national pastime." Spalding undoubtedly had the right opinion of B. B. Johnson. He landed baseball on the highest possible plane when he organized the American league, and gave the millions of devotees the filling that made spirit to sport—competition. His labor was instrumental to a great extent in making the game bigger than it would otherwise have been. Give him credit for that.

### BUT THERE ARE OTHER BIG MEN

It is true that Johnson was a big man, such a man as is apt to dominate anything they are connected with. And he did just this thing until his enemies—all great men have plenty of these—found the remedy they found Kenosaw Mountain Landis. "Great minds seldom run in the same channel and almost from the very start Johnson finding his domain encroached on fought in the style all big men fight; he could not dominate Landis. The result is just what might be expected. There is war ahead in the Major

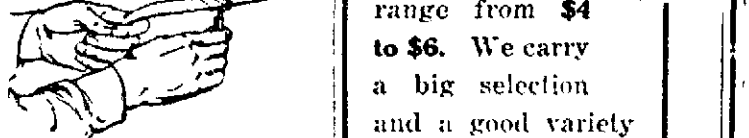

### Tom Sharkey Gets Honor Position

OXFORD, Ohio — (Special) — Tom Sharkey, star half-back of the Big Red eleven for the past two seasons, was elected captain of the Miami football team for next year at the annual "M" banquet held here last Saturday night. The affair was attended by over two hundred students and alumni.

William Dickrel of Dayton, a member of the athletic board at Miami, was toastmaster for the evening, while Judge Alfred McCray, also of Dayton, was the principal speaker.

The new captain has the unusual distinction of not missing a single minute of play during the entire season and his work has been outstanding in every game. Sharkey is regarded as the fastest man in the Ohio conference, a splendid receiver of forward passes and one of the hardest tacklers in the state. He came to Miami from Dayton Steele three years ago. In addition to playing football Sharkey is one of the best track men that ever wore a Miami uniform. He won the 220

### CINCINNATI BOY GOES TO PIRATES

ALBERT NIEHAUS

The Pittsburgh Pirates are going to get Albert Niehaus, a Cincinnati product, at first base next spring. Niehaus was in the southern league last season and was owned by the Chicago Cubs, who released him in the first big deal of the current state league season.

### SOME GOOD CENTERS

The east offers some good centers this year in Johnston of Brown, Loevey of Yale, Garbisch of Army and Greenough of Harvard.

### GIBBONS MAY FIGHT DEMPSEY IN GARDEN

NEW YORK — (By United Press) — New terms for a return match between Jack Dempsey and Tom Gibbons for the heavyweight championship are to be offered today to Eddie Kane, manager of Gibbons by Tex Rickard. The wise birds, however, see the patten as steam-up stuff mostly, for the Gibbons-Norfolk fight Tuesday. Kane said today that he would accept reasonable offers to match Gibbons with any heavyweight in the world.

"I signed an agreement almost a year ago to match Gibbons with the champion in a return bout and unless the terms are changed unsatisfactorily, I will sign another one," Kane said.

Rickard said that he was going to make Gibbons a better proposition than he did when the first agreement was signed. To stage a Dempsey-Gibbons fight Rickard of course will have to get Dempsey, but boxing circles believe Rickard always will have first call on the champion's services.

Dempsey has made all his big money in fights promoted by Rickard. When he gambled with the promoters in Shelby last year he lost about \$30,000 and it is not likely that he will care to take any chances in the future. Rickard allowed the first Dempsey-Gibbons match to get away from him because he didn't want it and his judgment proved to be correct.

Rickard said today that he had

### Eligibility Lists Are Complete

Eligibility lists of teams in the Church and Sunday school basketball leagues, which begin play Saturday, were presented to the Church Athletic Council Thursday night at the Y. M. C. A. Every team handed in its list with the exception of the First Baptist team of the Sunday school league, which will comply either Friday or early Saturday and present it to Council officials for approval.

All players in the two leagues this year will be given a physical examination to determine their fitness to compete in the league. All Sunday school league players will be examined at 1:30 p. m. Saturday, while Church league players will be examined at 6:30 p. m. Following the physical examination the players will get acquainted with the object of the league. Play will begin at 2 p. m. in the Sunday school league and at 7 p. m. in the Church league. Players are asked to be in uniform at the time the physical examinations are given.

Games for Saturday have been booked as follows: Sunday school league—Grace M. E. vs. Market Presbyterian, First U. B. vs. First Baptist and Trinity M. E. vs. South Side Church of Christ; Church league—First U. B. vs. South Side Church of Christ, First Baptist vs. First Reformed and Grace M. E. vs. Central Church of Christ.

### BACK TO POLO GROUNDS

NEW YORK — The Army-Navy football game next year will be played at the Polo Grounds on November 22, according to announcement today by the New York National League Baseball club, under whose direction the game will be played.

### SQUARED CIRCLE

Young Stribling, Georgia school boy fighter and Johnny Krieb, Cleveland middleweight, have been matched for a 12-round decision bout at Lakeside Park, Dayton, Monday night, Dec. 15.

The Montgomery county boxing commission in approving the bout insisted that each fighter post \$1000 forfeit to go thru. The two local boxing clubs—North Dayton club and McCabe athletic club—have combined their resources in arranging this bout.

While it is costing more than any fight ever arranged here, the local promoters think they have landed a great bout by hooking these two leading middleweights.

BROOKLYN — (By United Press) — Jack Johnson of Pittsburgh was the decision man. Battling and dusky Senegalese boxer, who was the light-heavyweight champion of the world, was defeated by George Carpenter, who won 12-round bout here.

# CKNE. REMINDFUL F GREAT BACKFIELD

NEW YORK — (By Associated Press)—Katie Rockne, of the undefeated Notre Dame football team, while attending a banquet of alumni, found time to remark that three field goals to beat a touchdown. "Notre scored but one field goal throughout the past season. The one man may have been necessary to the Rockne of smashing advance, expertly carried out by one of the greatest quarterbacks backfield men American has ever produced, Crowley, Layden and Miller, but other institutions have thrived this season on the field goal by Pennsylvania and Chicago.

Notre Dame, with none victories and one tie, rests at the top of the Eastern list. The Quakers of Pennsylvania won the Western title of Al Kruen. Chicago won the Western title of Al Kruen. Chicago won the Western title of Al Kruen. Chicago won the Western title of Al Kruen.

## Pros and Ams

"The beauty about baseball," begins a philosopher, who certainly wasn't making Nick Altrock his subject. Mr. Chaplin's wedding ought to have the effect of rushing Mr. Dempsey into another engagement, if nothing else. In nine cases out of ten, the stuff isn't what the hooch-legger said it would be. We suppose it's all right to have fast friends, if they are fellows like Charley Paddock and Joe Rar. The majors are always trying to do something for the minors and always succeeding in doing them for plenty.

The International League has accepted the modified draft. Now that that's settled you ought to be able to go ahead and have the finest kind of a Christmas. If Sapp isn't the last name of "Mr. A," the mysterious potentate it ought to be. Columbus, looking for India, discovered America. And many a fighter swinging blindly has scored a knockout. These New Year games remind us that while modern football may not be better than the old game it is at least longer. Strangler ewis, the wrestler, threatens to tour Europe. We hope nothing develops to keep him from getting an early start. Stupid as Congress is, the politicians wise-crackers pull every time the representatives assemble are even wiser so.

Don't believe everything you hear, especially if you hear Yale and Harvard are trying to get a game with Notre Dame. Yale is this year's Big Three champion. A Big Three champion is one of those things which are referred to as ornaments but not useful. Wishing only to redeem himself, Phipps differs from the average prizefighter who keeps busy redeeming hooked watches. Mr. Tilden's statement that Helen Wills will not be beaten for five years is startling. We had no idea anyone was even mad at the young lady.

## Three Golf Tournneys Dated

NEW YORK — Dates for the three big golf championships of the United States will be arranged so as not to interfere with the leading contests in Europe, according to the schedule of American tournaments now before the United States Golf Association for action. Under this temporary schedule the national open will be played the first week in September at the Oakmont club, Pittsburgh, and the women's title affair at St. Louis the second week in October. The public links event is set for the first week in August at Salisbury.

## St. Rose Has Game With Elida

The St. Rose game team will clash with the Elida quintet in their second game of the season at the St. Rose gym this Friday night. The locals have been going well in their practices this week and they are confident that they will chalk up their second victory. The drill last night was lighter than usual as Coach Young has been working his men hard all week. However Elida, the underdog, is grimly determined to upset the St. Rose team. Little is known of the visitors' strength but they are said to have a much stronger team than usual. In the preliminary the St. Rose Reserves will battle the Elida Reserves. Coach Young will probably start the following lineup for St. Rose: Christen and Stoll, forwards; O'Connor, center; Capt. Gojole and Graff, guards.

# Billy Evans Says

Walter Mails may come back to the big league next spring. The veteran left-hander had a great year on the coast with Oakland, and two National League clubs, the St. Louis Cardinals and the Chicago Cubs, are said to be angling for his services. Left-handers of even ordinary ability are scarce articles in baseball today and it's quite possible the noted "Duster" would prove of great value to any big league team. Mails lives up to the tradition of the old-time southpaw, being at once colorful and eccentric. The gentleman has a fair estimate of his own ability. There may be several great pitchers in the world, but Mails is only personally acquainted with one of them.

Mails was with Brooklyn before he came to Cleveland. The vagaries of fate which placed him on the Indians' staff in the fall of 1920, with Brooklyn the opposing world series club, gave the southpaw much delight.

Mails pitched in two of those games. As a relief pitcher in the third game of the series he blanked that performance. Mails said to me in the Cleveland clubhouse: "These birds are fish for me. If Manager Speaker gives me another shot at them I'll shut 'em out again, and maybe I won't let 'em have a hit." As said before Walter has a fair estimate of Mr. Mails' ability. Well, Speaker started him in the sixth game and the southpaw made good his word. Brooklyn was shut out with three hits. In that game Mails looked the part of the greatest left-hander in the world.

Opposing Mails in that game was the veteran Sherry Smith, who held the Indians to one run. Smith so impressed Speaker that when Brooklyn headed him for the minors several seasons later, Speaker grabbed him. Last year Smith was one of Speaker's best bets. Mails was with Brooklyn in 1916. He had enough ability then to star as a big leaguer. The only reason he hasn't enjoyed a continuous run of success as a big leaguer is that he inclined to flights of excitement.

Have been told that Dan Howley, coaching for the Tigers, helped drive Mails out of the American League by caustic references to the gaudy design of the pitcher's cap. Other clubs around the circuit soon found out it was not hard to get Walter's goat and in a short time he passed from the big tent and went back to his native California. I never saw a left-hander who threw a more deceiving low fast ball. Steve O'Neill, the catcher, used to tell me he'd rather catch Stanley Covele-Kie's splitter all day long than Mails' low fast one for an inning.

## MASTER CHARLEY DERBY FAVORITE IN WINTER BOOK

CHICAGO—Master Charley, sensational two-year-old performer of the turf, will be the favorite in the winter book to win the Kentucky Derby next spring. Master Charley has conclusively demonstrated his right to the two-year-old championship of 1924. It always follows that the two-year-old champion is installed favorite in the winter derby books. Last year the two-year-old title was in dispute and, as a result, St. James, Barren and Wise Counselor ruled almost equal favorites in the winter book.

## SOUTH HIGH SQUAD AWARDED LETTERS

Fifteen members of the South High School football squad were awarded letters for their work during the past season at a banquet given the squad by the Mothers' Progressive club at South High Thursday evening. Those who were given the coveted "S" are: Elwood Guy, Guy Workman, Lewis Vastano, John Rutledge, Norman Miner, Lewis Goebel, Robert Todd, Vernon Vance, Robert Heitzman, Ross Wallace, Harold Shriver, Connie Barthold, Joe Bowers, Charles Throckmorton and Captain Beryl Wren. Raymond Boyer, Mortor Bogart and Elmer Dunbar, student managers, also were given their letters in appreciation of their work during the season.

Shriver, who subbed at the end positions, did not have the required number of quarters but the letter was given him because of his faithful service not only during the season just past but also during previous grid seasons. Shriver is a senior this year. Numerals were awarded to the following 31 players: Thomas Senger, John Shope, Harold Wright, Wilbur Smith, Harry Bullock, Russell Ford, Donald Franz, Eugene Kahner, Lloyd Mulbaiger, John Crumrine, Lorenz Bowers, Ernest Wren, James Taylor, Hershel Long, Virgil Bowersock, Everett Heimerl, Ralph Carr, Lanon Fumum, Paul Lacey, Howard Porter, Max Gilmore, Joe Mawhor, Howard Craig, Gale Calkie, Max Youngs, Eugene Ridge, Floyd Sprague, Orrie Thomas, Harry Peltier, Glen Morris and Albert Lincoln. Marion Shade, assistant student manager, also was given a numeral.

At dinner. Nearly 75 were seated at the first table, including players, student managers and other guests. Thirty-eight members of the Mothers' Progressive club prepared the dinner. Mrs. Charles Wren, president of the club, was toastmistress. The following program was given: Solo, Miss Inez Mason; welcome address, Mrs. Walter Franz; violin duet, Miss Madeline Lengel and Miss Mary Williams; response, Captain Beryl Wren; solo, Louise Fordyce of Youngstown, Ohio, is considered one of the best long iron players in American golf.

Detroit, now badly in need of a second baseman, once owned both Harris of Washington and Grantham of Pittsburgh, two of the best in the majors at that position. A British expert ranks the three native leading amateur golfers in this order, Holderness, Tolley and Wethered.

## BOWLING

ALL-STAR LEAGUE (Reserve) (Continued from page 26) The Crawford shoes won three in Thursday's match. Little Olin and Tuttle were next best with two out of three. San Francisco and Little Olin battled a pin on the Crawford shoes. The Crawford shoes finally splitting 37 pins more than their opponents. The Crawford shoes won the match 151 to 147. The Crawford shoes won the match 151 to 147.

## SPORTS

Both Harvard and Yale had trouble stopping "Swoed" Oberlander, Dartmouth's fast-moving halfback. He's the big punch of the "Green" offense.

This has been a tough season for two of the south's most widely known teams, Vanderbilt and Georgia Tech. Both have suffered several reverses.

Kaw of Cornell and Boynton of Williams, All-American selections in their day, are starring for the Buffalo professional football team.

In Wilson, formerly of Penn State, the Army has a great running back, and in Hewitt, formerly of Pitt, one of the best defensive men in the east. Quite a combination to stop.

Never, Stanford's versatile athlete, is one of the outstanding fullbacks on the coast. He's also a clever pitcher.

The 1924 crop of quarterbacks has not yet produced any "Thomson" or "Edison" thinkers. Stuhldreher of Notre Dame is one of the best.

## Ohio State In Caging Race

COLUMBUS—Ohio State will open its basketball season here December 9 with Ohio Wesleyan furnishing the opposition in the inaugural game of a schedule which includes contests with Michigan, Illinois, Indiana, Minnesota, Chicago and Northwestern.

Led by Captain Jake Cameron, the Buckeyes will take the floor for the opening contest with the same lineup which went thru the majority of last season's games.

New candidates for the team include Karow and Hunt of the 1924 football squad, freshmen floor stars last year. Twelve conference games are scheduled for the varsity, six at home and a like number abroad.

OHIO MEETS COLUMBIA  
COLUMBUS—Columbia's football eleven will meet Ohio State in an intercollegiate gridiron contest at the Ohio Stadium here on October 17 next fall. It was announced by Ohio State University athletic authorities today. Officials said the possibility of a contest between the two elevens in New York in 1926 depended upon developments that may arise following the game here next fall.

The Columbia contest is the first intercollegiate game for the Buckeyes since they battled Colgate to a 23 to 23 tie in the stadium here in 1923, and probably will be the only intercollegiate game on Ohio State's 1925 schedule.

Coach Wilce and Athletic Director St. John are in Chicago today arranging the 1925 Western Conference schedule for their team in conjunction with other athletic officials of Big Ten schools.

## Snappy Sports

LOS ANGELES, Calif. — Conclusion of negotiations yesterday for a Christmas Day football game between the University of Missouri and the University of Southern California brought the number of post season intercollegiate gridiron contests in or near Los Angeles to three. Syracuse University will meet the University of Southern California at Los Angeles Coliseum next Saturday and the annual east-west classic at Pasadena New Year's Day will bring together Notre Dame and Stanford Universities.

GRANVILLE — Richard R. Allen, Trov, elected captain of the 1925 Denison football squad.

IS YOUNGEST LEADER  
COLUMBUS — Harold Cunningham, who was last night elected captain of the Ohio State football team, is probably the youngest leader ever to head a Buckeye grid eleven. Cunningham is only 19. He entered Ohio State from Mt. Vernon high school at the age of 17. He is a junior in the commerce college.

GARDNER IS HONORED  
ATHENS — George Gardner, of Carey, has been elected captain of the Ohio University football team for 1925.

# MEMORIAL SPAN PLANS UP

Idea of Bridging Potomac  
May Be Reality

COST IS \$14,750,000

Would Furnish Imposing En-  
trance to Capital

WASHINGTON, (U. S. As-  
sociated Press)—The Congress will  
be asked at its current session  
to authorize the Arlington Memorial  
Span bridge plans with a  
view to making them a reality.  
The idea of building the bridge  
across the Potomac river, which  
separates the District of Columbia  
from the State of Maryland, has  
been the subject of discussion for  
many years. The bridge is to be  
built on the site of the old bridge  
which was destroyed by fire in 1862.  
The new bridge is to be a suspension  
bridge, and is to be the longest  
bridge in the world. It is to be  
built on the site of the old bridge  
which was destroyed by fire in 1862.  
The new bridge is to be a suspension  
bridge, and is to be the longest  
bridge in the world. It is to be  
built on the site of the old bridge  
which was destroyed by fire in 1862.

The bridge is now planned,  
would cost \$14,750,000 and be  
completed in ten years. The  
plans call for a bridge with two  
towers, each 200 feet high, and  
cables to support the bridge deck.  
The bridge is to be built on the  
site of the old bridge which was  
destroyed by fire in 1862. The  
new bridge is to be a suspension  
bridge, and is to be the longest  
bridge in the world. It is to be  
built on the site of the old bridge  
which was destroyed by fire in 1862.

Aside from its artistic features,  
the bridge will be a great help  
to the city. It will provide a  
shorter route for traffic between  
the city and the suburbs. It will  
also provide a new entrance to  
the city. The bridge is to be  
built on the site of the old bridge  
which was destroyed by fire in 1862.

CONTRACTOR DIES  
LORAIN—W. A. Bonser, 70,  
one of the city's oldest contrac-  
tors, died here of pneumonia.

## Dandruff Soon Destroys the Hair

If you want plenty of thick,  
beautiful, glossy, silky hair, do  
it by all means get rid of dandruff,  
for it will starve your hair and  
ruin it if you don't.  
It doesn't do much good to try  
to brush or wash it out. The only  
sure way to get rid of dandruff  
is to dissolve it, then you destroy  
it entirely. To do this, get about  
four ounces of ordinary liquid  
arvon, apply it at night when  
retiring, use enough to moisten  
the scalp and rub it in gently  
with the finger tips.  
By morning most if not all of  
your dandruff will be gone, and  
two or three more applications  
will completely dissolve and en-  
tirely destroy every single sign  
and trace of it.  
You will find, too, that all  
itching and digging of the scalp  
will stop, and your hair will look  
and feel a hundred times better.  
You can get liquid arvon at any  
drug store. Four ounces is all  
you will need, no matter how  
much dandruff you have. This  
simple remedy never fails. adv

## Angel Food

The cake for every occasion.

Made with full, rich, frozen egg whites, powdered sugar, granulated sugar, special blend flour, baking powder, salt, cream of tartar, a Dougherty secret and the master touch.

Delightfully tender and moist, unusually tasty of flavor, excellent texture—in fact, a surprisingly delicious food.

Average baked weekly, 6,000.

One of Dougherty's Real Cakes

Ask Your Grocer About the Other Varieties of Real Cake.

## Laying The First Gas Pipes

FIRST gas pipes to Lima, then a village, were started on August 10, 1887. Preliminary legislation had been passed by the common council of Lima, and the newly organized company with Calvin S. Brice at its head, started the gigantic work of giving this community its first natural gas.

Pipes for the work began to arrive on the ground on August 3, 1887, and within 67 days from the beginning of the big task the transportation line from the St. Marys field, the first source of gas for the city, was completed and a few days later the line was carrying gas.

The company had obtained leases on the gas territory around St. Marys, a distance of 25 miles. In addition to these leases, the company bought from the Hon. C. A. Flickinger, a member of the Board of Public Works of the State of Ohio, the "Little Dry Feeder," a strip of land about three and one half miles long and 40 feet wide. This was located in Auglaize County, along the Miami and Erie canal.

This strip of land laid within the gas belt and when it was sold at auction 94 bids were entered, the Lima company being successful, paying \$705 annually for a period of 15 years.

Adjoining property owners discussed taking legal steps to prevent the lease going into effect since it was contended that the state had no record of owning the ground and therefore had no right to dispose of it. No action was taken, however.

A total of 250,000 feet of pipe was laid, consisting of 145,000 feet of 8-inch; 75,000 feet of 4-inch and 30,000 feet of 6-inch (transmission and gathering lines) by November 5, 1887. All pipes were buried.

The Longworth well was the only one connected to the transmission lines, the company holding six completed and promising wells in reserve. Hence, the first gas supplied to this, then village, was from one well, which made a wonderful record and continued to supply gas in good quantity for a considerable time. As fast as more gas was required, other wells were attached to the transmission lines and the people of Lima had gas in abundant quantity for every purpose to which it could be put.

Sunday, we shall tell you about the first natural gas to reach Lima, where the first gas stove was lighted and the number of stoves in use.
